

Matlab The U.W.I. St. Augustine Campus TAH for Individual Use

Student Manual

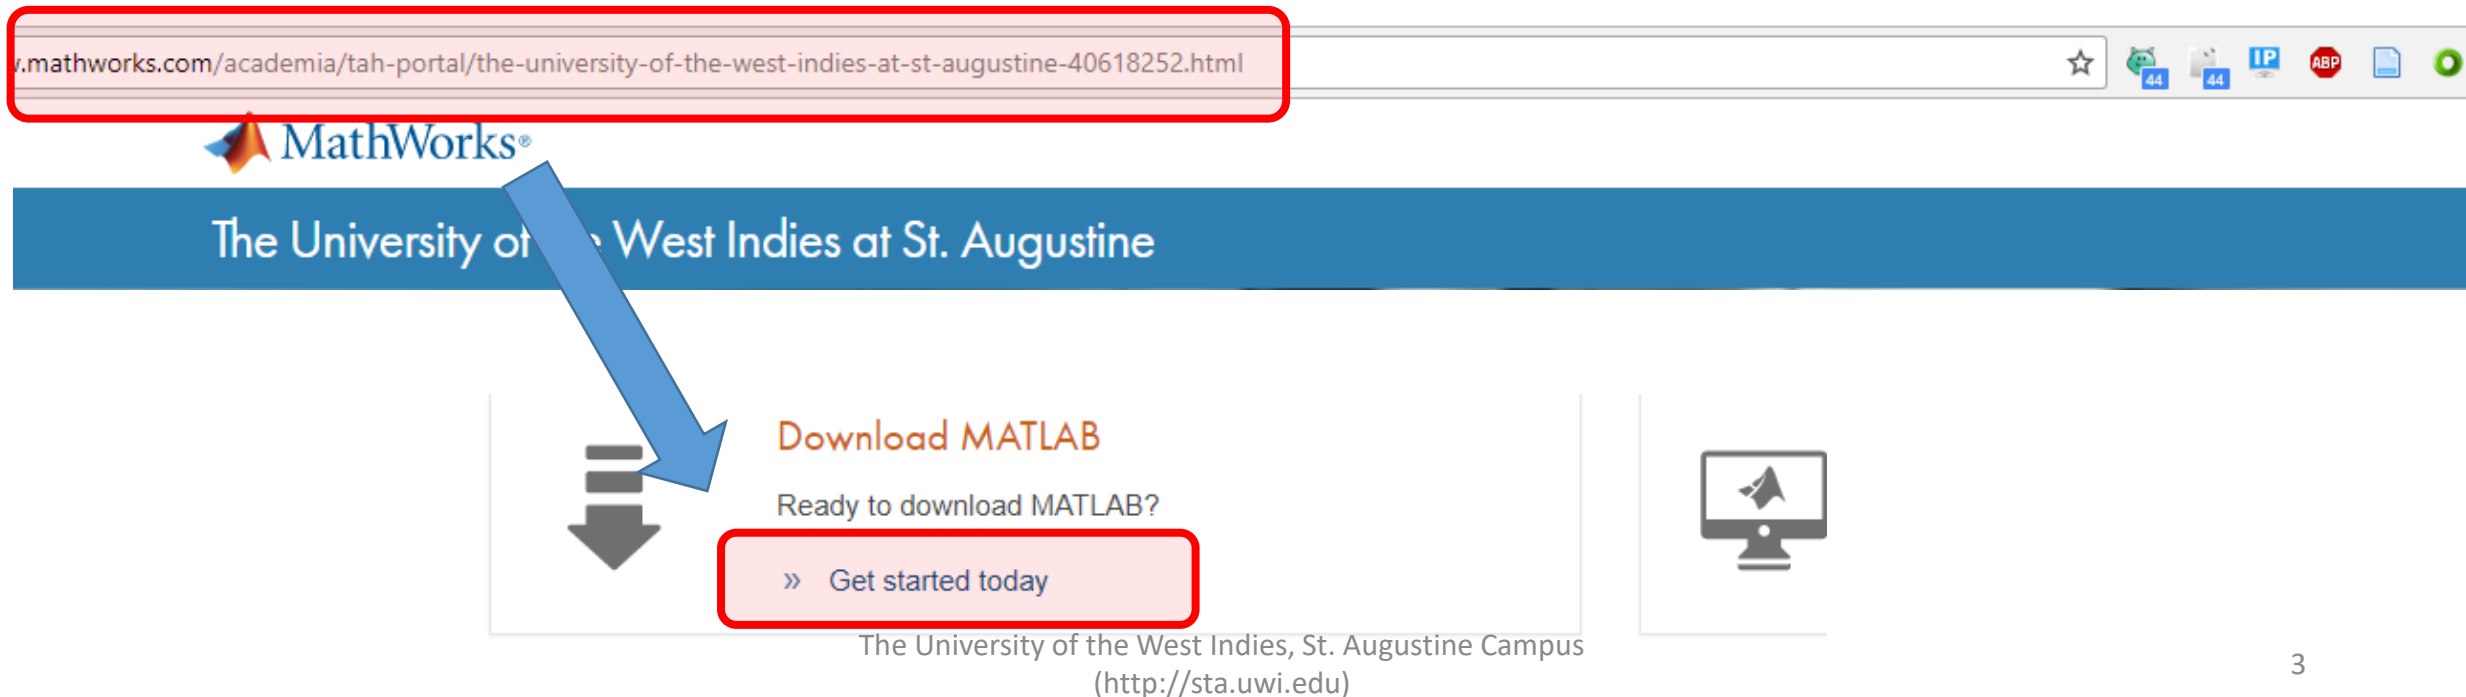

January 2018

Important Notice

- You must be a registered student of The University of the West Indies, St. Augustine Campus to signup, download and use the Matlab software.
- Ensure your UWI student email address (@my.uwi.edu) is working and accessible before proceeding.
- **DO NOT** share your UWI Student account or MathWorks Account with anyone.

Go to the Matlab TAH for The UWI Website

- Go to the website <https://www.mathworks.com/academia/tah-portal/the-university-of-the-west-indies-at-st-augustine-40618252.html>
- Near the bottom of the page, click “**Get started today**”.

The screenshot shows a web browser window with the address bar containing the URL <https://www.mathworks.com/academia/tah-portal/the-university-of-the-west-indies-at-st-augustine-40618252.html>. The page header features the MathWorks logo and a blue banner with the text "The University of the West Indies at St. Augustine". Below this, a large blue arrow points from the banner to a "Download MATLAB" section. This section includes a download icon, the text "Download MATLAB", "Ready to download MATLAB?", and a red button labeled "» Get started today". To the right of this section is a computer monitor icon. At the bottom of the page, the text "The University of the West Indies, St. Augustine Campus (http://sta.uwi.edu)" is visible.

Create a New Mathworks account

- Fill in your details.

Create MathWorks Account

The image shows a "Create MathWorks Account" form. It is a light pink rounded rectangle with a red border. The form contains the following fields and options:

- Email Address:** A text input field.
- Country/Region:** A dropdown menu with "United States" selected.
- How will you use MathWorks software?:** A dropdown menu with "Please select" selected.
- Are you at least 13 years or older?:** Two radio buttons, "Yes" and "No", both of which are unselected.
- Buttons:** "Cancel" and "Create" buttons at the bottom right.

Information: To access your organization's MATLAB license, use your school or work email.

Create a New Mathworks account

- In the **Email Address** field, enter your **@my.uwi.edu** email address.
- For the **Country/Region** field click the down arrow.

Verify your Email Address

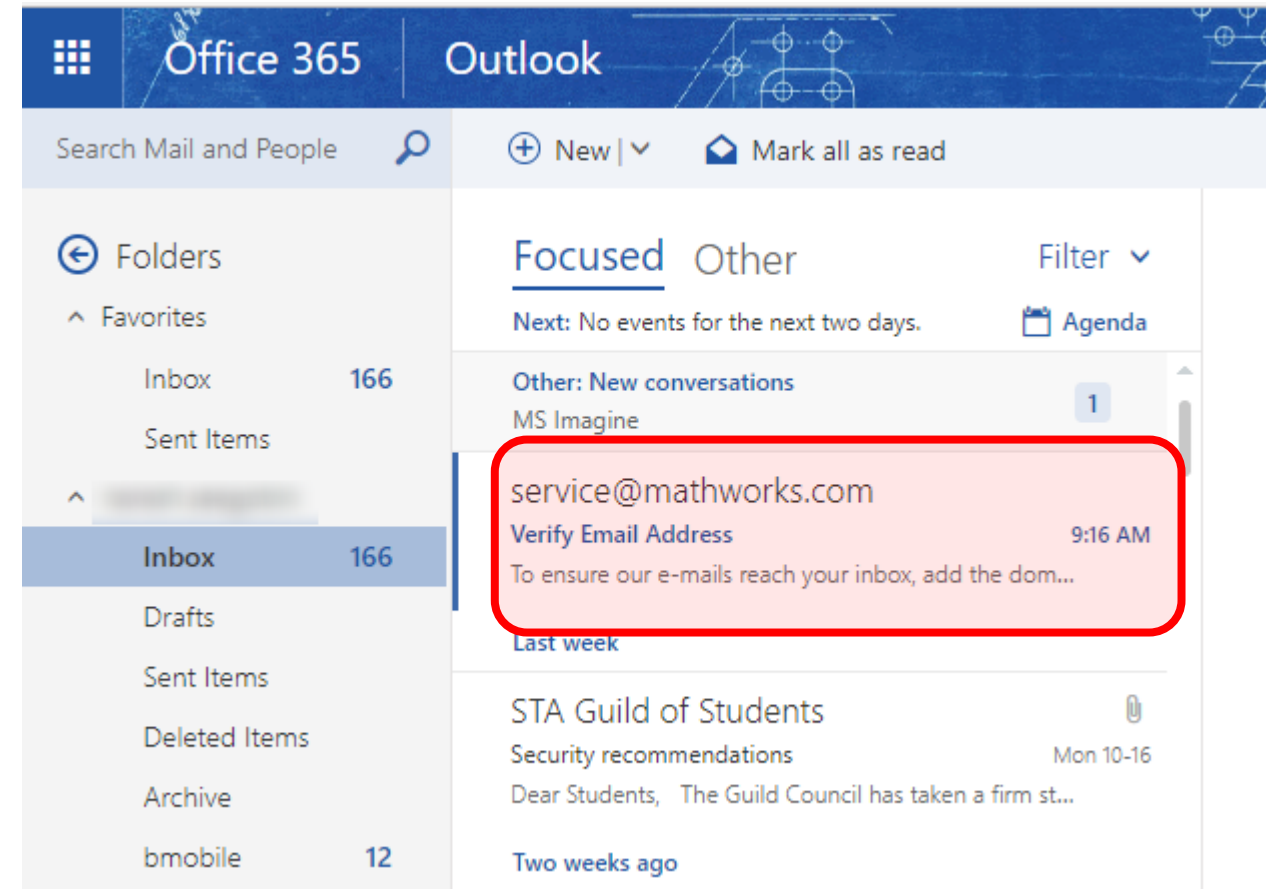

- You will be presented with a page to Verify your email address.
- Follow the regular process of accessing your email using the <https://my.uwi.edu> Student Portal.

Verify your email address

1. Go to your inbox for [redacted]@my.uwi.edu.
2. Click the link in the email we sent you.

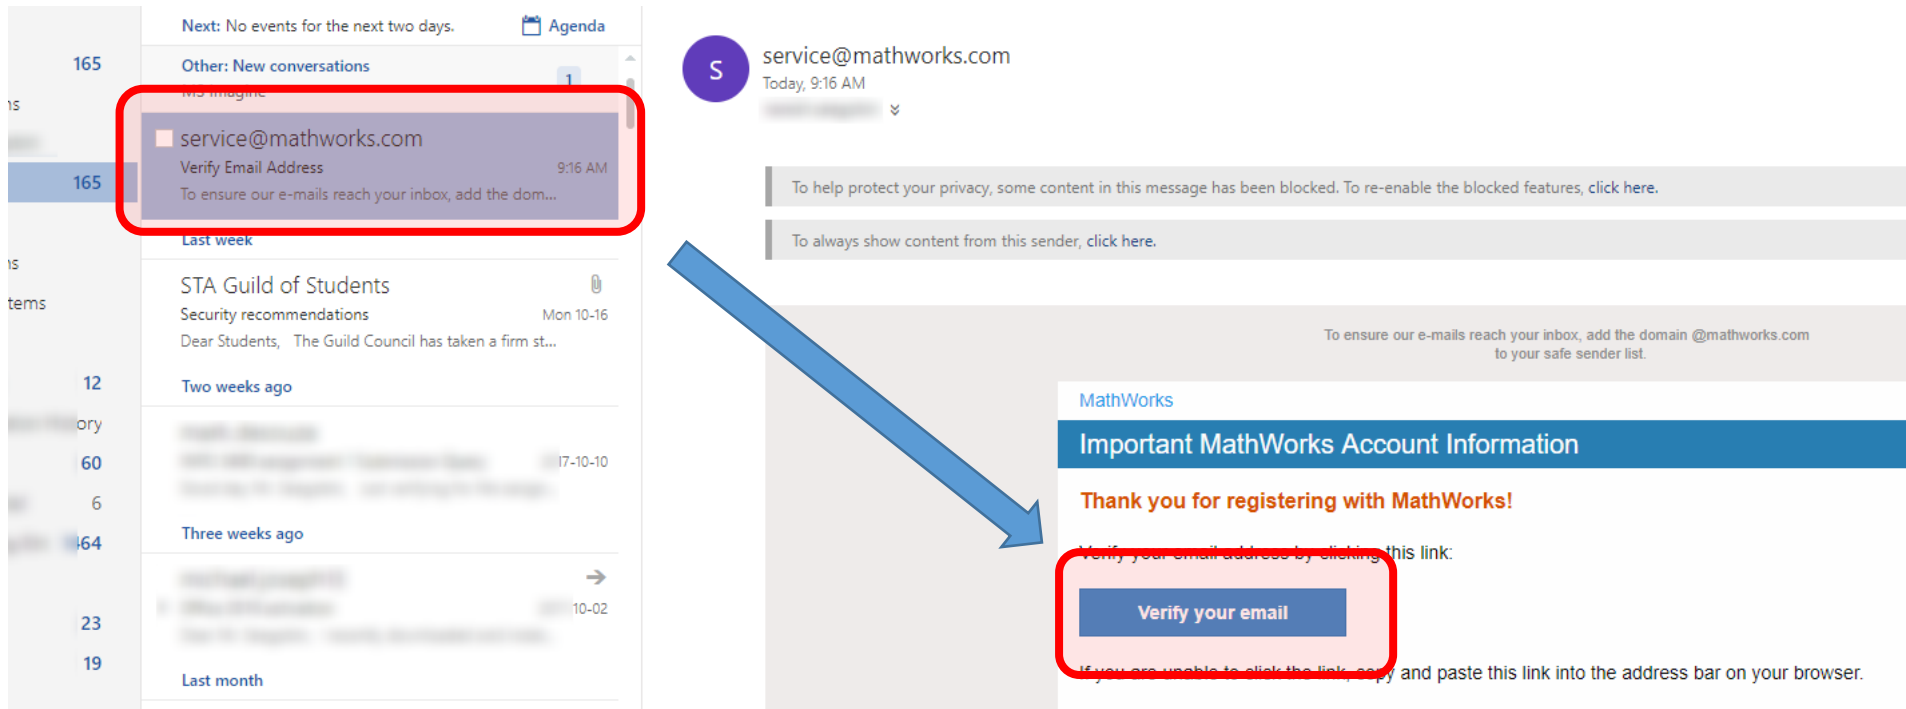

Didn't get the email?

1. Check your spam folder.
2. [Send me the email again.](#)
3. For additional assistance, see [Email Verification](#) or contact [Customer Support](#).

Verify your Email Address

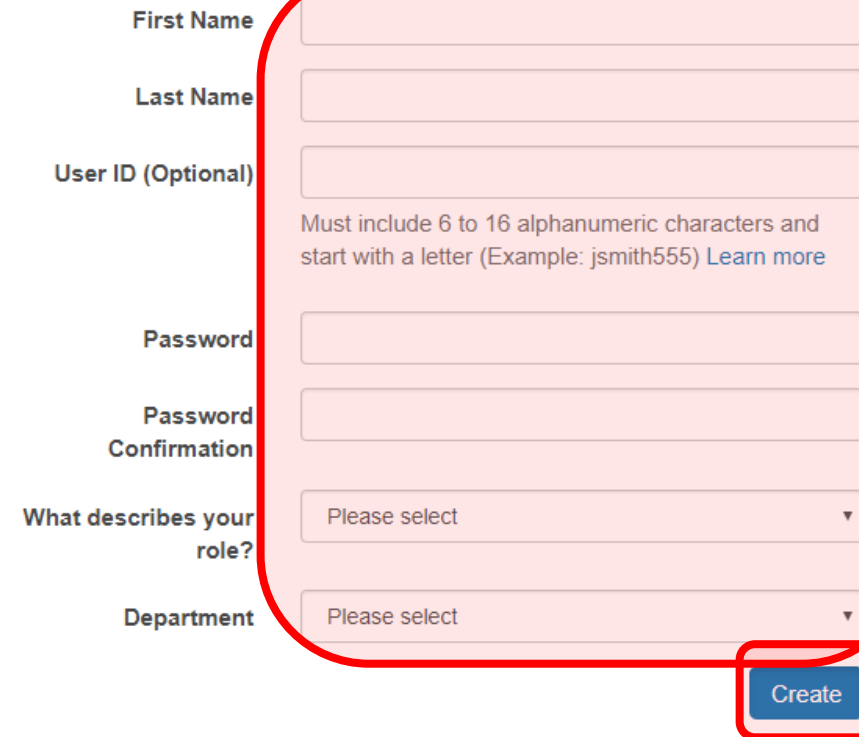

- In the email account click the “**Verify Email Address**” email from service@mathworks.com.
- Click “**Verify your email**”.

Complete Mathworks Profile Creation

- Complete the Mathworks account profile form.
- Once completed click **“Create”**.

To finish creating your profile, provide the following information for [xxxxxx.xxxxxxx@my.uwi.edu](#)

First Name

Last Name

User ID (Optional)

Must include 6 to 16 alphanumeric characters and start with a letter (Example: jsmith555) [Learn more](#)

Download Matlab Installer

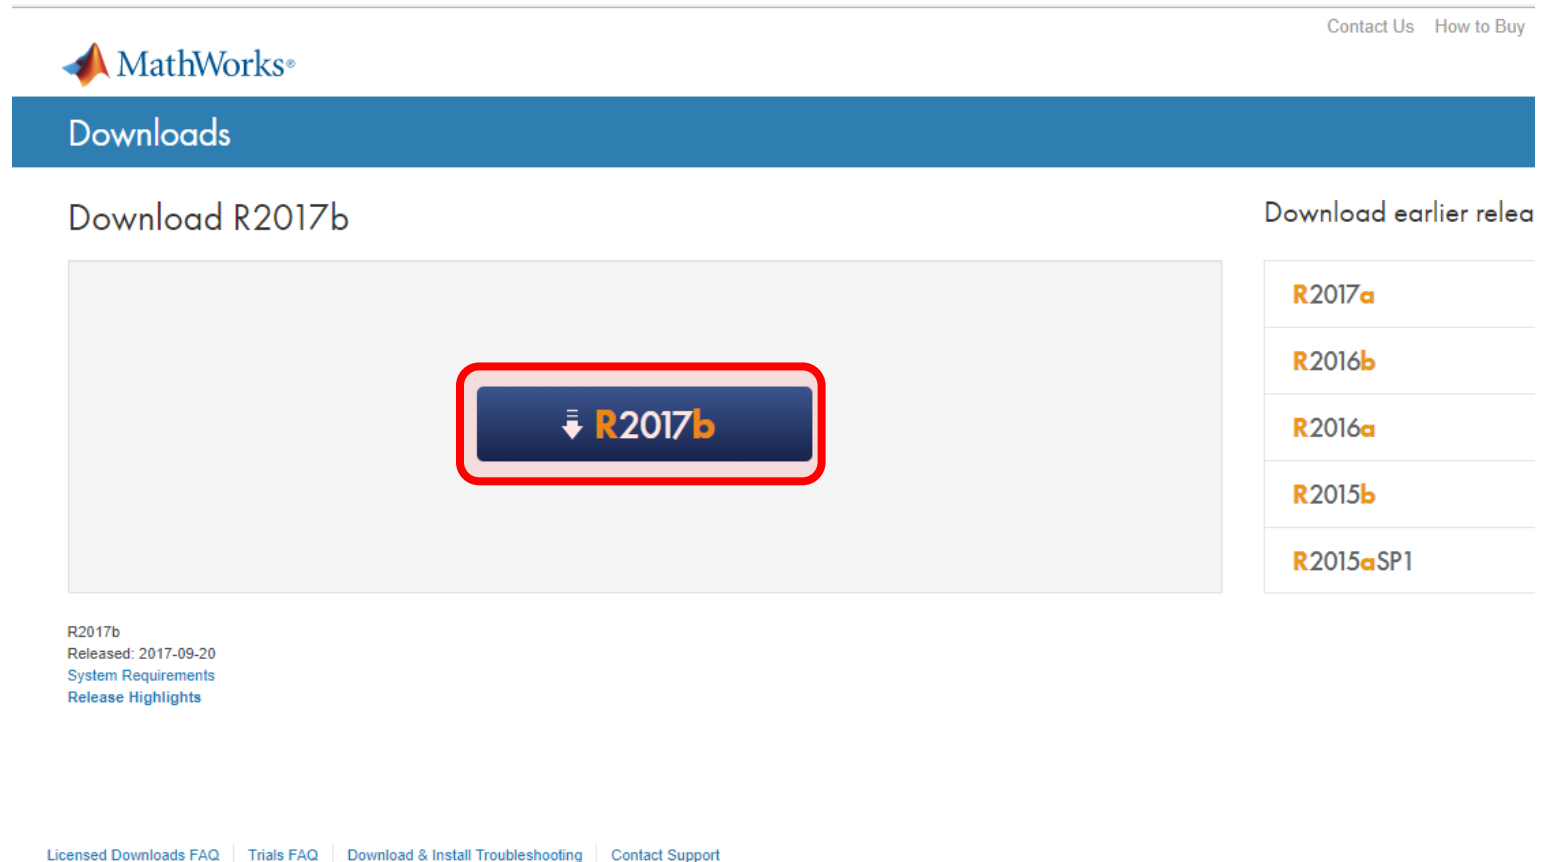

- Once your account is associated with the Campus license.
- Click “**Download Installer**”.

The screenshot displays the MathWorks License Center interface. At the top, the MathWorks logo is on the left, and links for 'Contact Us' and 'How to Buy' are on the right. Below this is a blue header bar labeled 'License Center'. Underneath the header, there are tabs for 'Licenses' and 'Trials', and a 'Contact support' link on the right. A green notification bar states: 'Your account is now associated with License 406'. The main content area is titled 'Install and Activate Software on a Computer'. It contains two steps: 'STEP 1: Download the installer to the computer you want to activate.' and 'STEP 2: While connected to the Internet, run the installer to download your product files and activate.' At the bottom of this section, a blue button labeled 'Download Installer' is highlighted with a red rectangular box. To the right of the main content, there is a 'HELPFUL RESOURCES' section with links to 'View this license in the License Center.', 'Manage your account information and your software in My Account.', 'Read up on installation and activation for users or troubleshoot issues on the support page.', and 'Use MATLAB Academy to learn the basics and get started.' Below this is an 'ACCESS MATLAB ON THE WEB' section with a link to 'Use MATLAB Online'.

Download Matlab Installer

- Click on “**R2017b**”.
 - The icon text will vary to reflect the latest version available.

The screenshot shows the MathWorks Downloads page. At the top, the MathWorks logo is on the left, and links for "Contact Us" and "How to Buy" are on the right. Below the logo is a blue "Downloads" header. The main content area is titled "Download R2017b". In the center of this area is a large button with a download icon and the text "R2017b", which is highlighted with a red rectangular border. To the right of the main area is a section titled "Download earlier releases" containing a list of previous versions: R2017a, R2016b, R2016a, R2015b, and R2015aSP1. Below the main download button, there is a small section for "R2017b" with links for "Released: 2017-09-20", "System Requirements", and "Release Highlights". At the bottom of the page, there is a footer with links for "Licensed Downloads FAQ", "Trials FAQ", "Download & Install Troubleshooting", and "Contact Support".

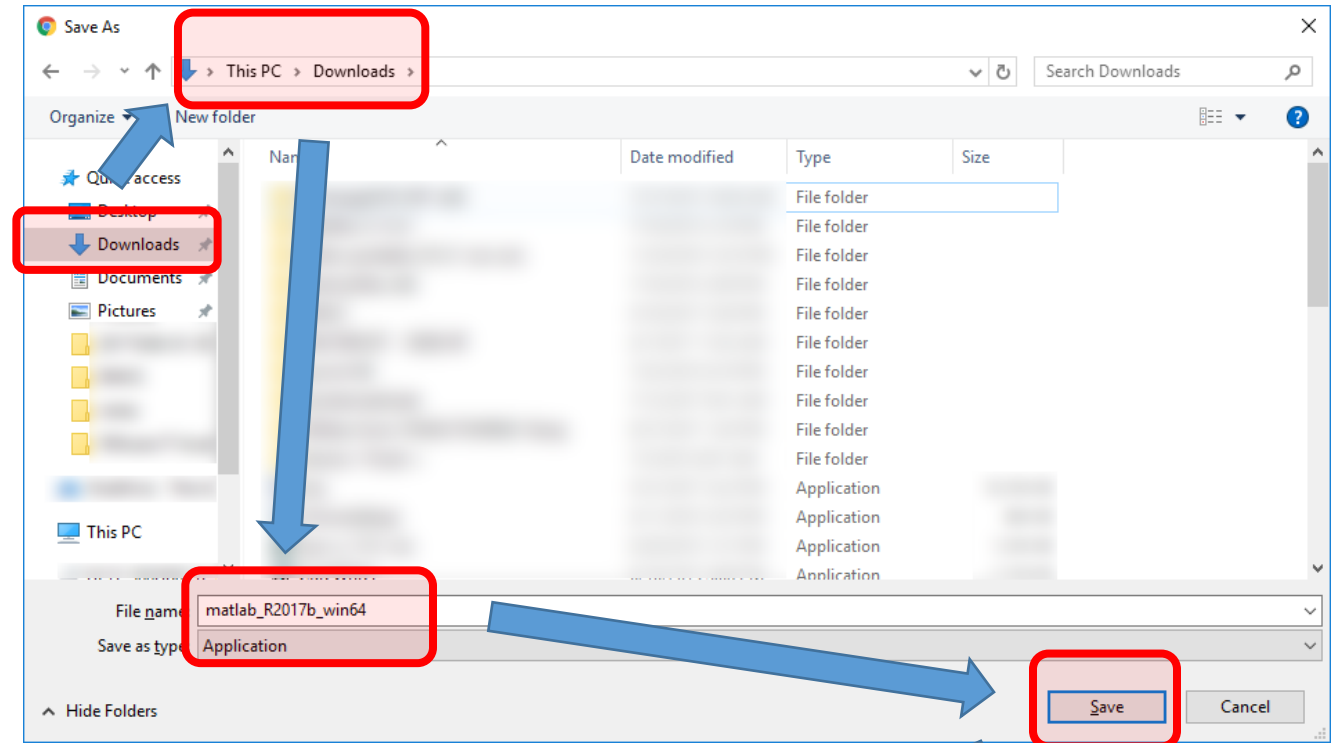

Download Matlab Installer

- Select the Matlab version for your operating system.
- NB: This manual will be following the Windows (64-bit) installation process.
- Click “**Windows (64-bit)**”.

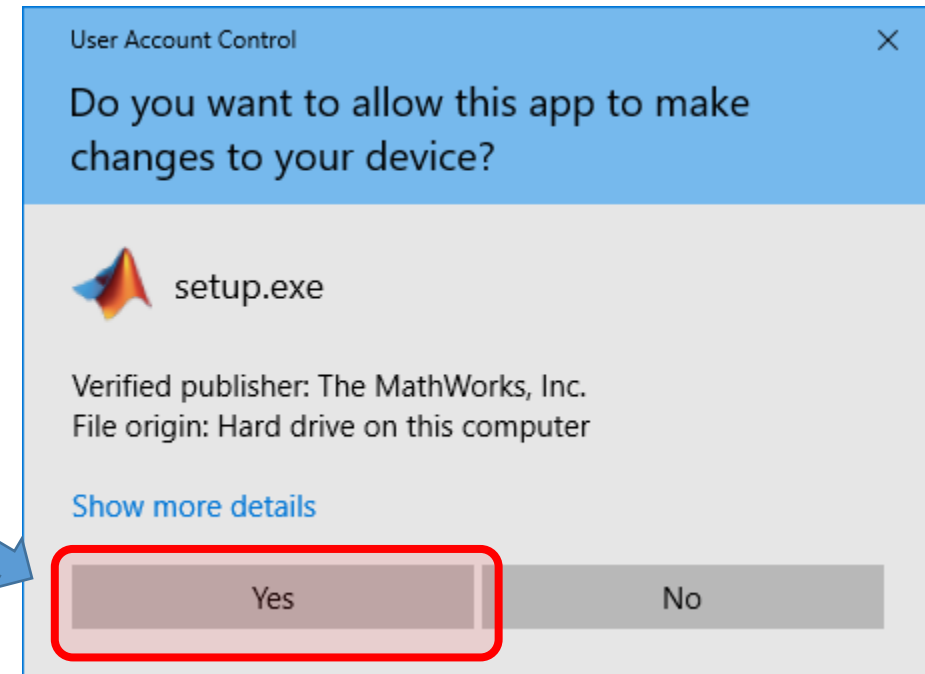

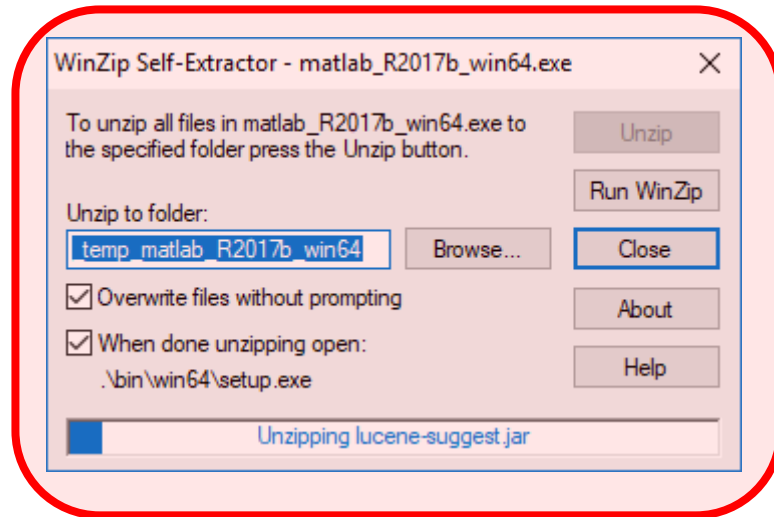

Download Matlab Installer

- In Windows, browse to a location to save the web installer.
- Click “**Save**”.
- Once downloaded, based on your web browser, it should be at the download status bar below.
- Double click to open the file.

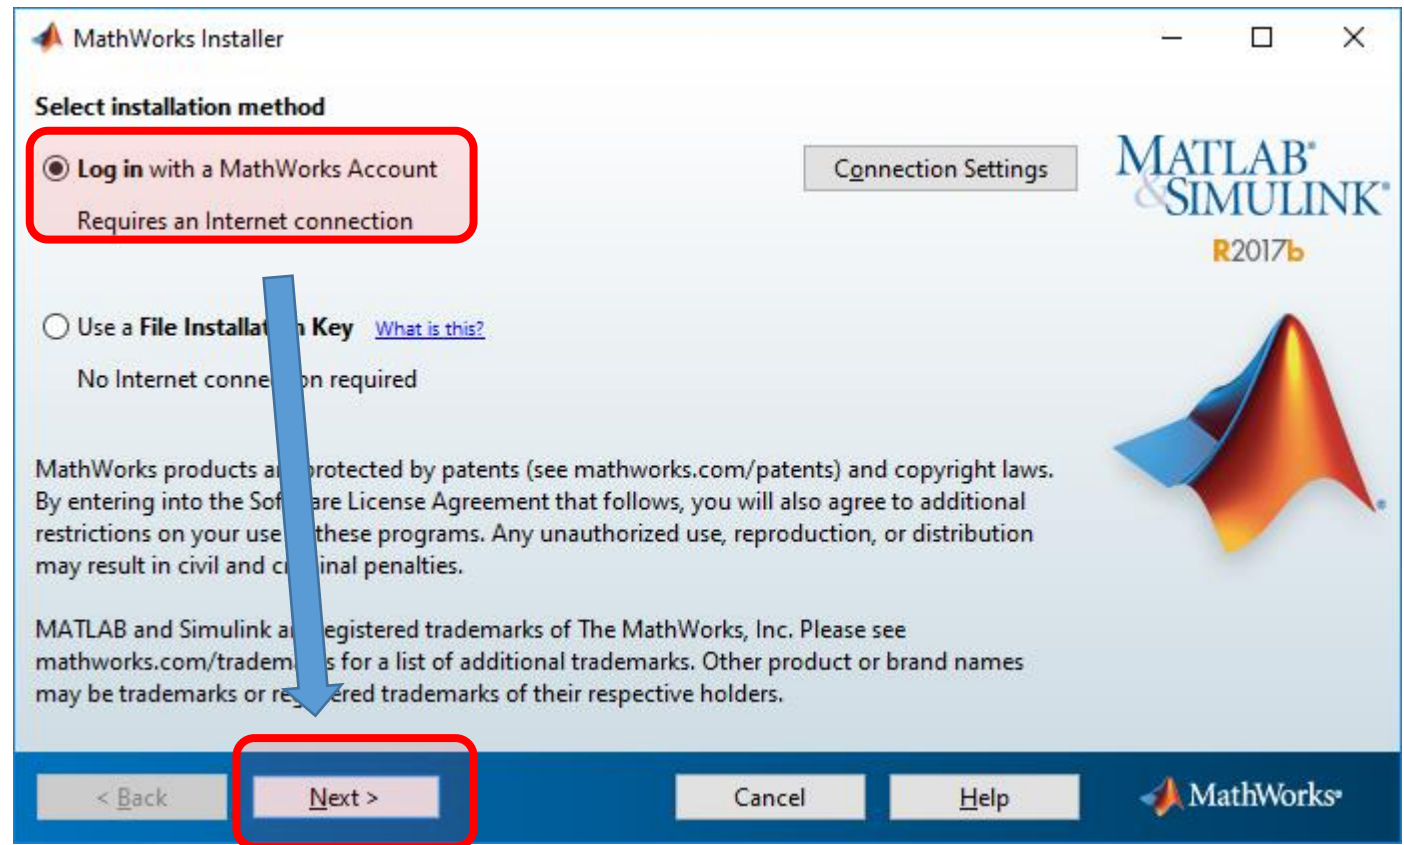

Installing Matlab

- The installer should extract automatically.
- Click “**Yes**” to the **User Account Control** prompt to allow the application to install.

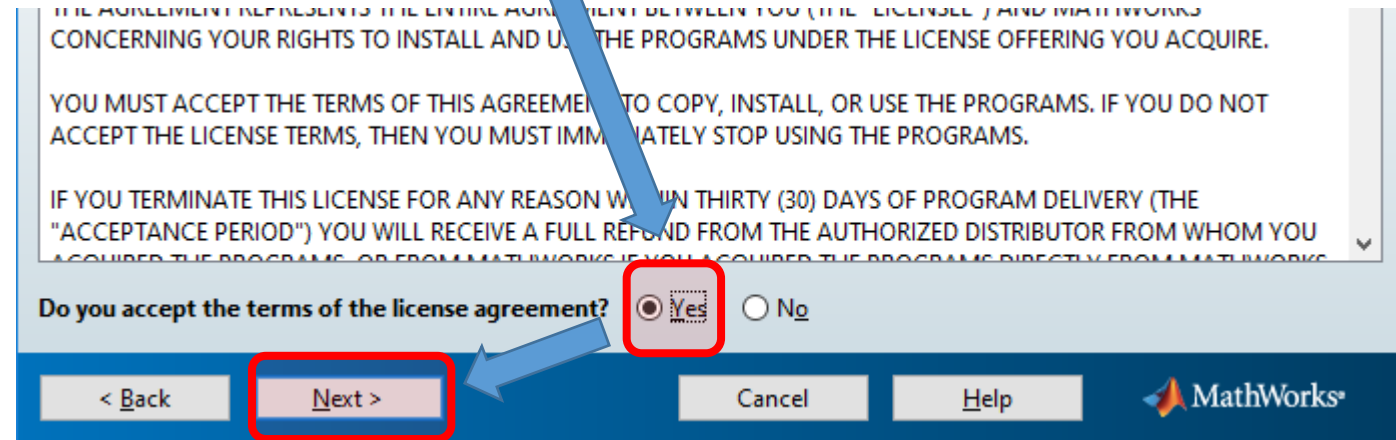

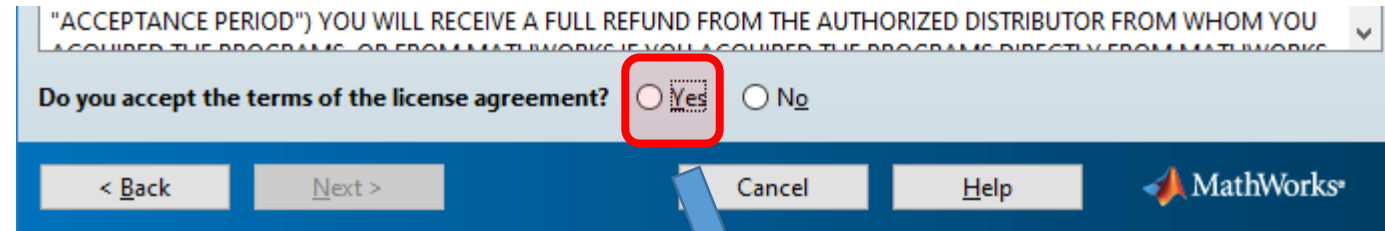

Installing Matlab

- Ensure **Login in with a MathWorks Account** is selected.
- Click **“Next”**.

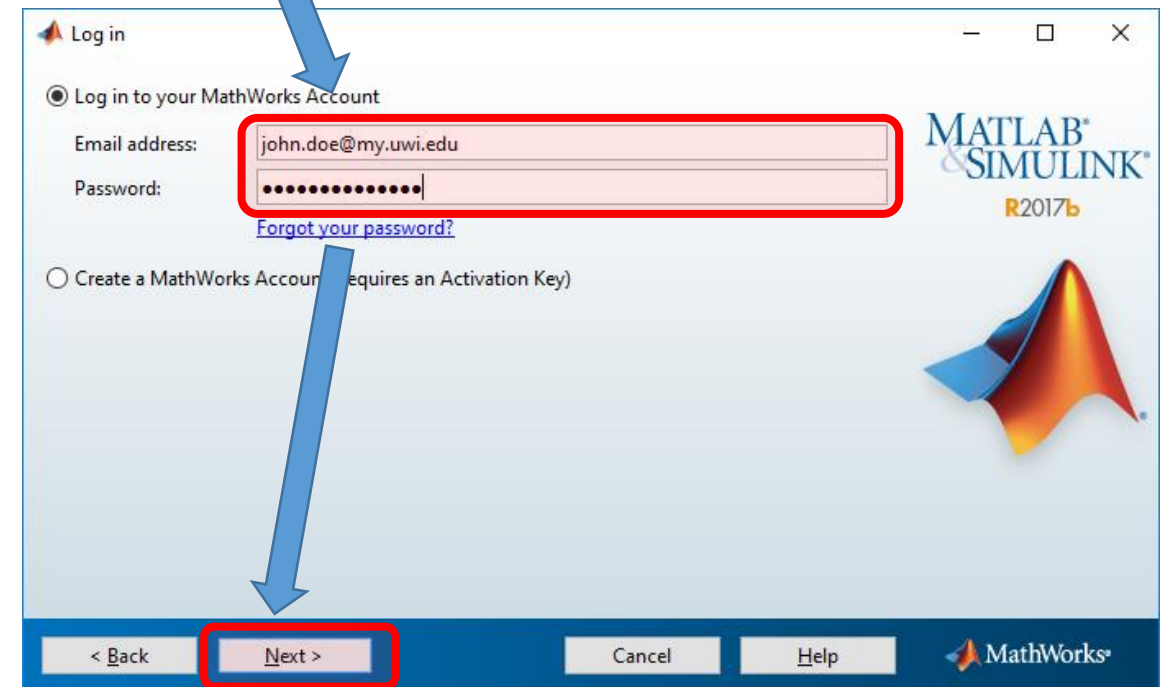

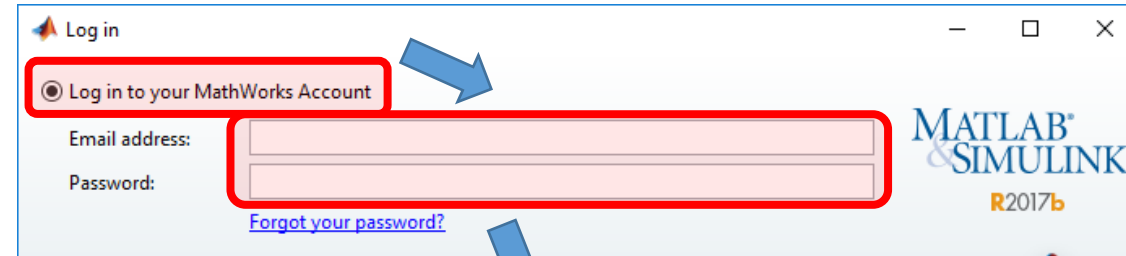

Installing Matlab

- Read and Accept the License Agreement.
- Click “**Yes**”.
- Click “**Next**”.

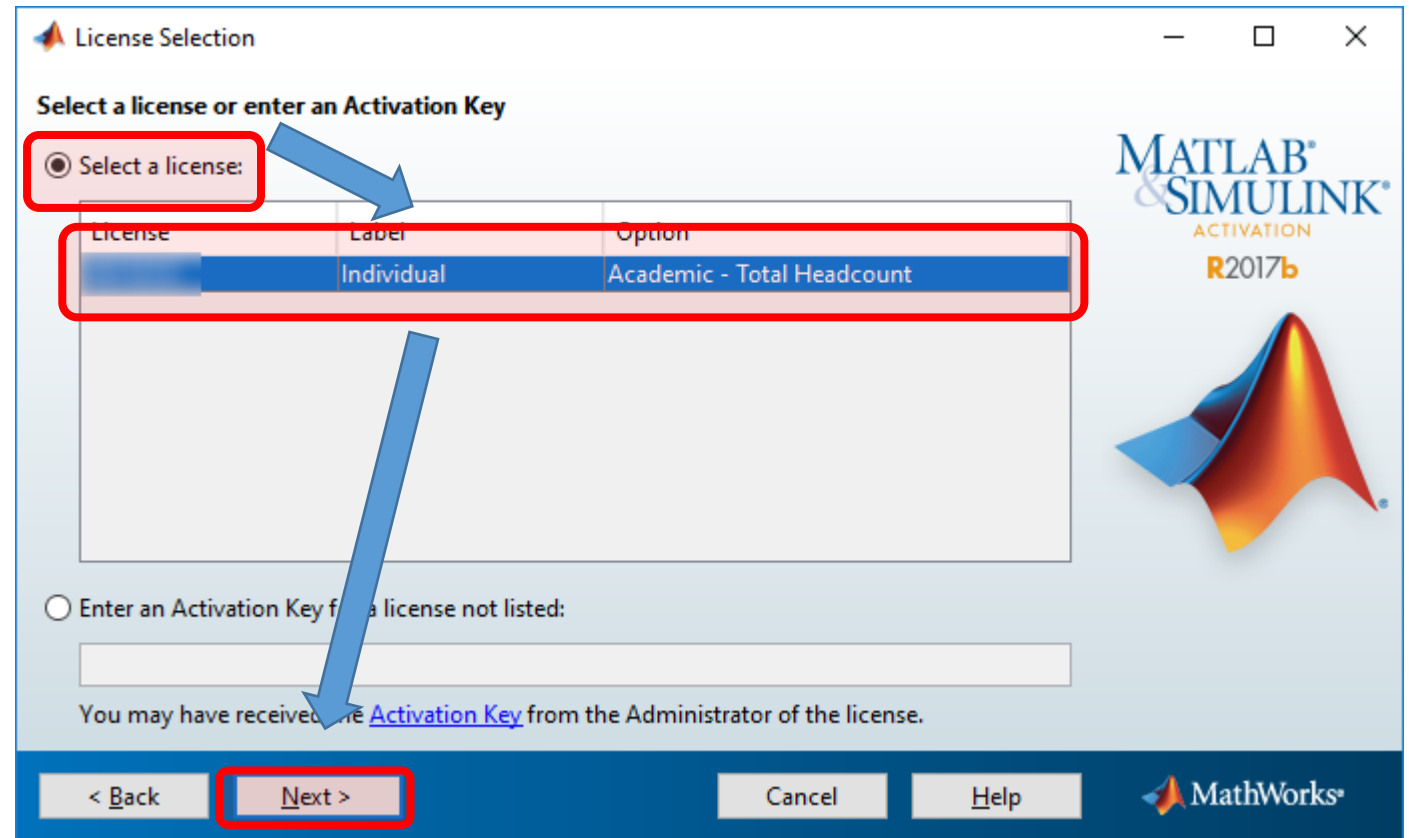

Installing Matlab – Login with MathWorks Account

- Ensure that Log in to your MathWorks Account is selected.
- Enter your email address and password that was used to register your MathWorks account.
- Click “**Next**”.

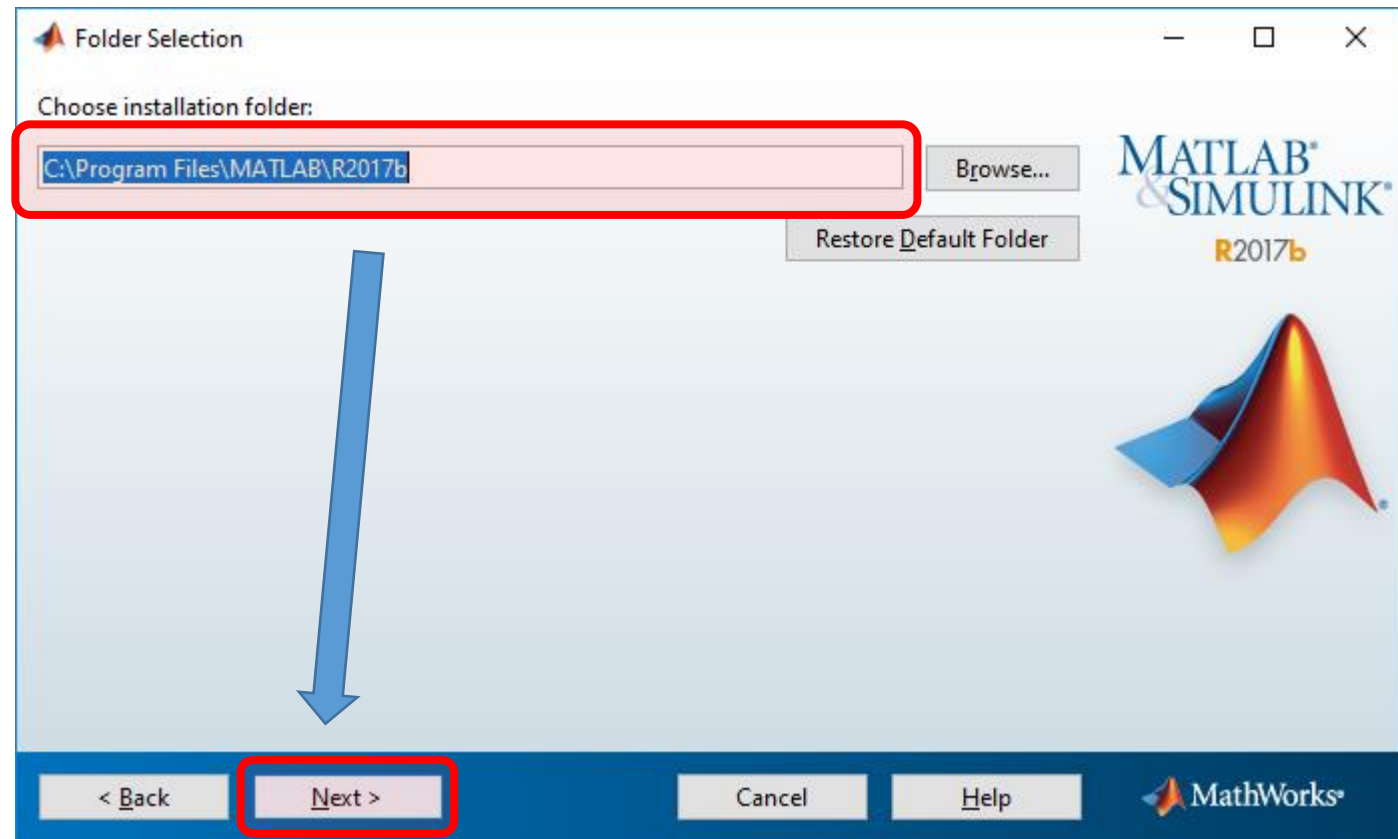

Installing Matlab – Select License

- Ensure **Select a license** is selected.
- Select a license.
- Click “**Next**”.

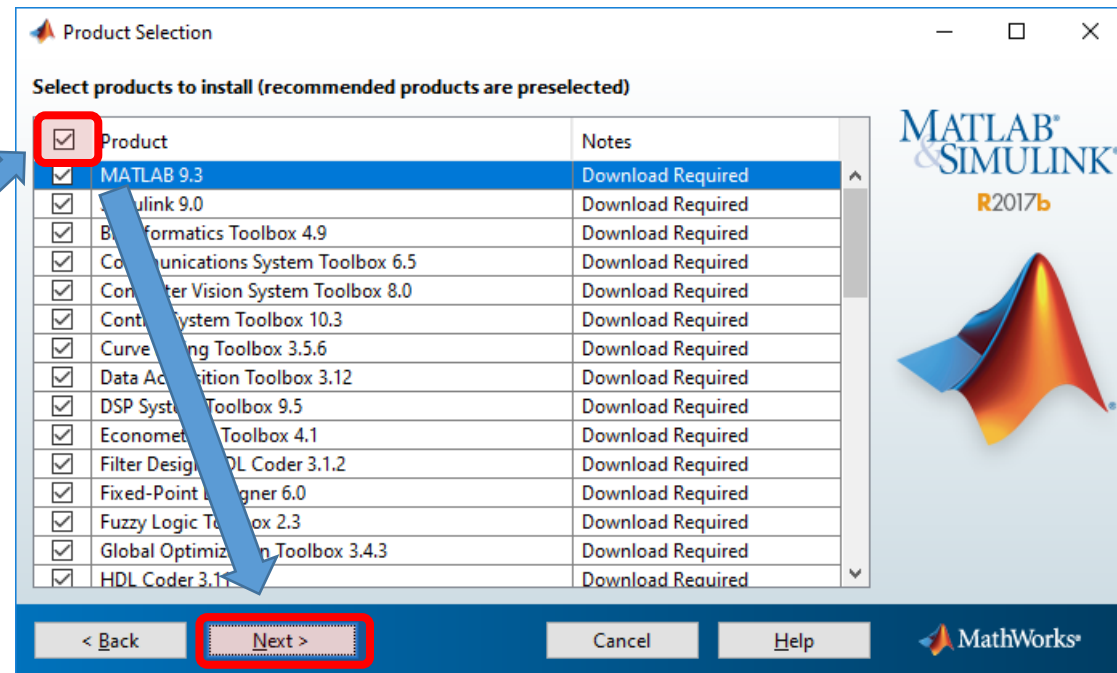

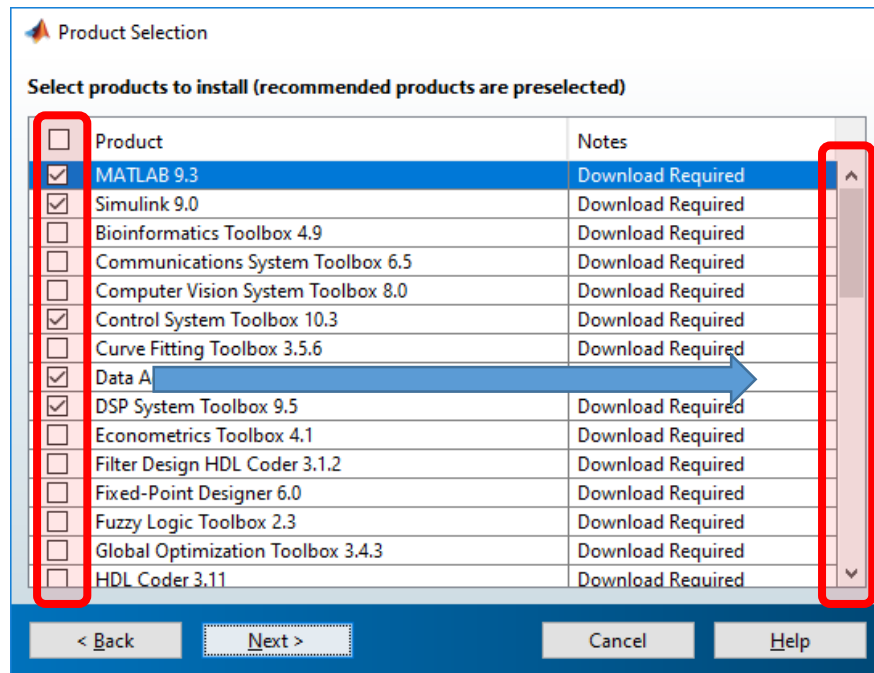

Installing Matlab – Folder Selection

- Accept the default folder location.
- Click “**Next**”.

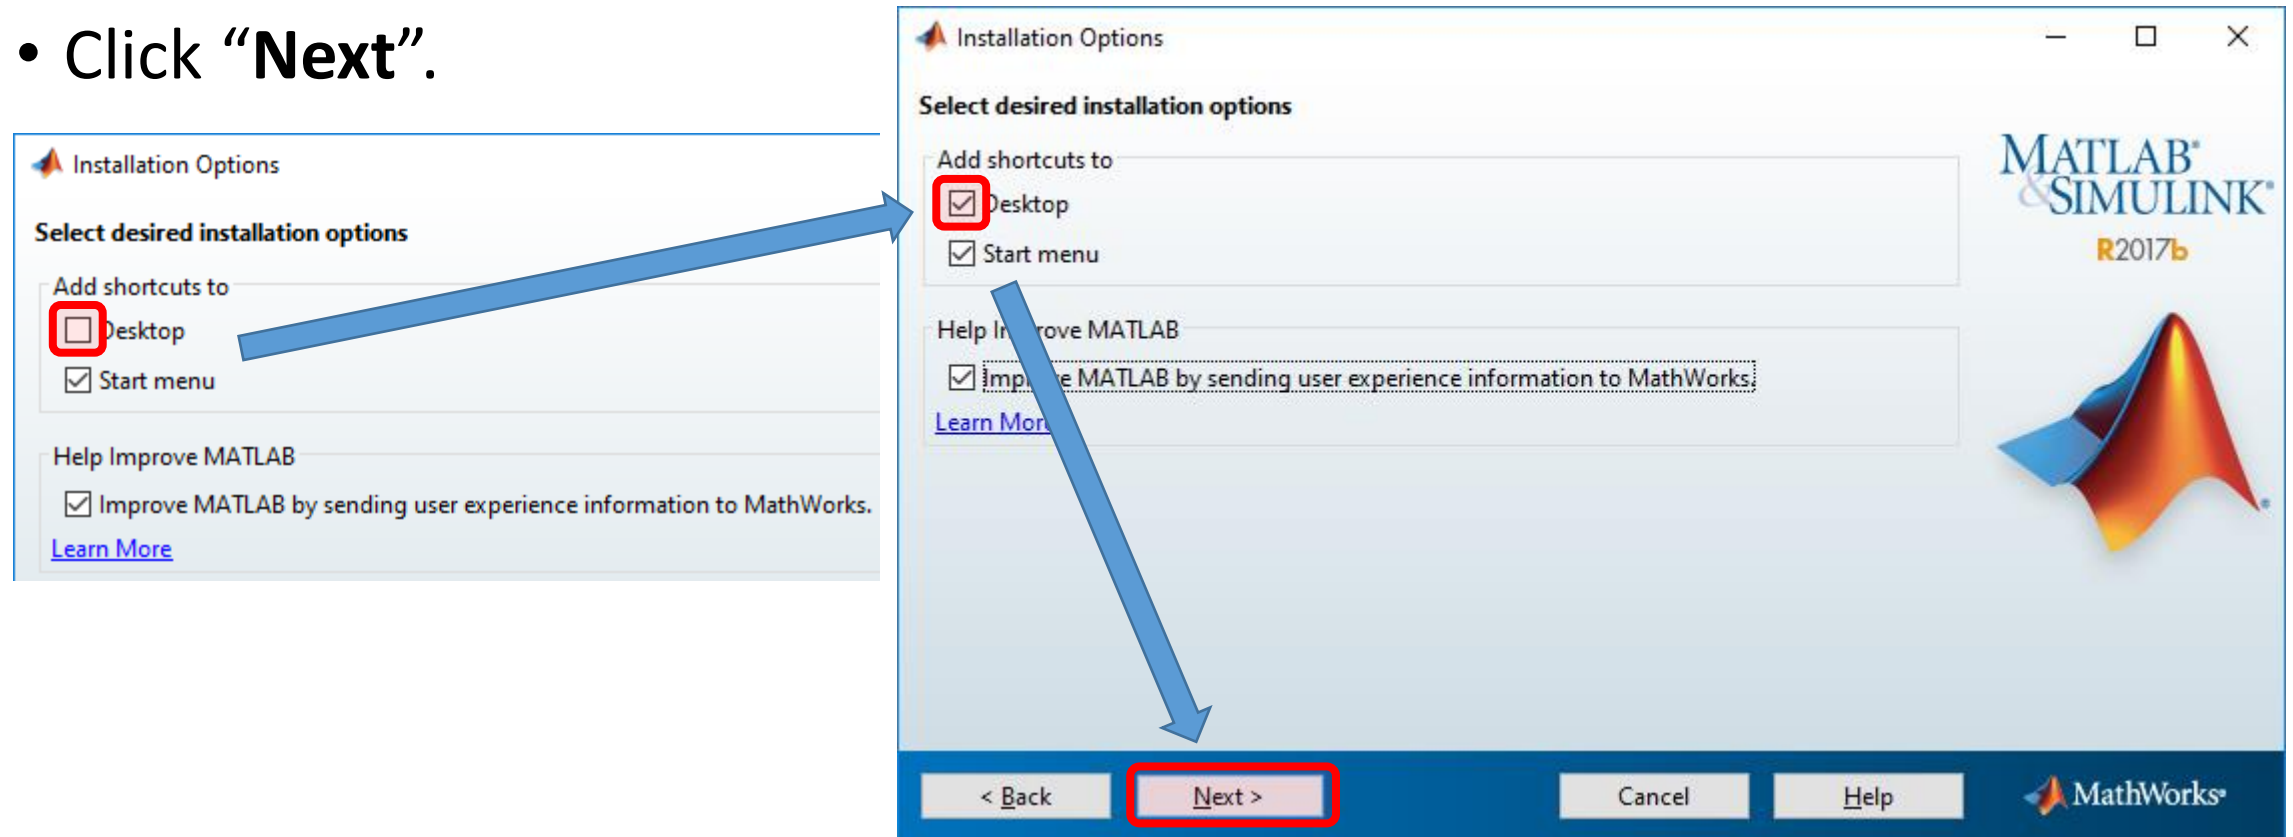

Installing Matlab – Toolbox Selection

- Check the checkbox for the toolboxes that you want to install.
- Use the Scroll Bar to view more toolboxes.
- Check the checkbox next to **Product** to select **ALL** toolboxes.
- Click “**Next**”.

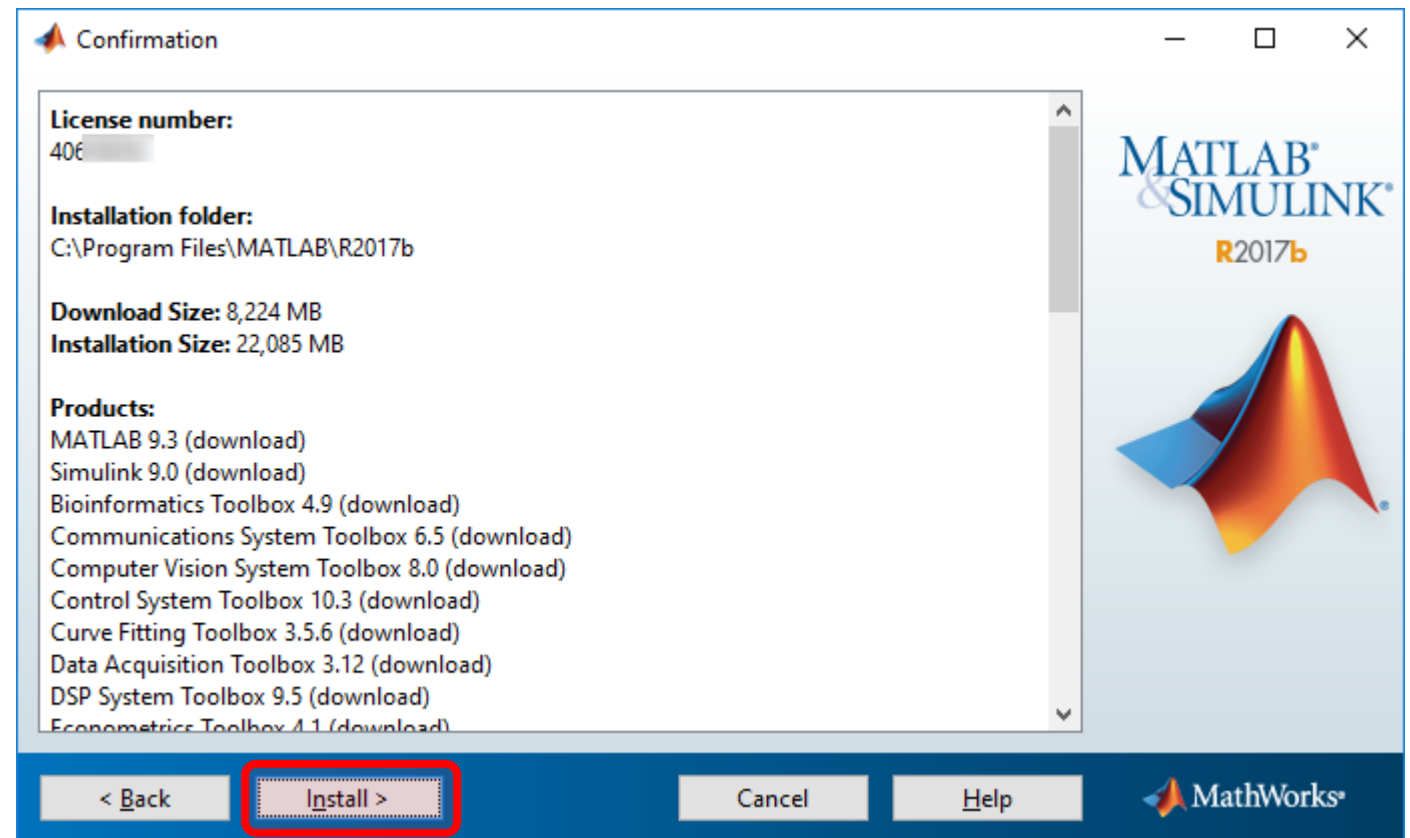

Installing Matlab – Application Shortcut

- Select the “**Desktop**” checkbox.
- Click “**Next**”.

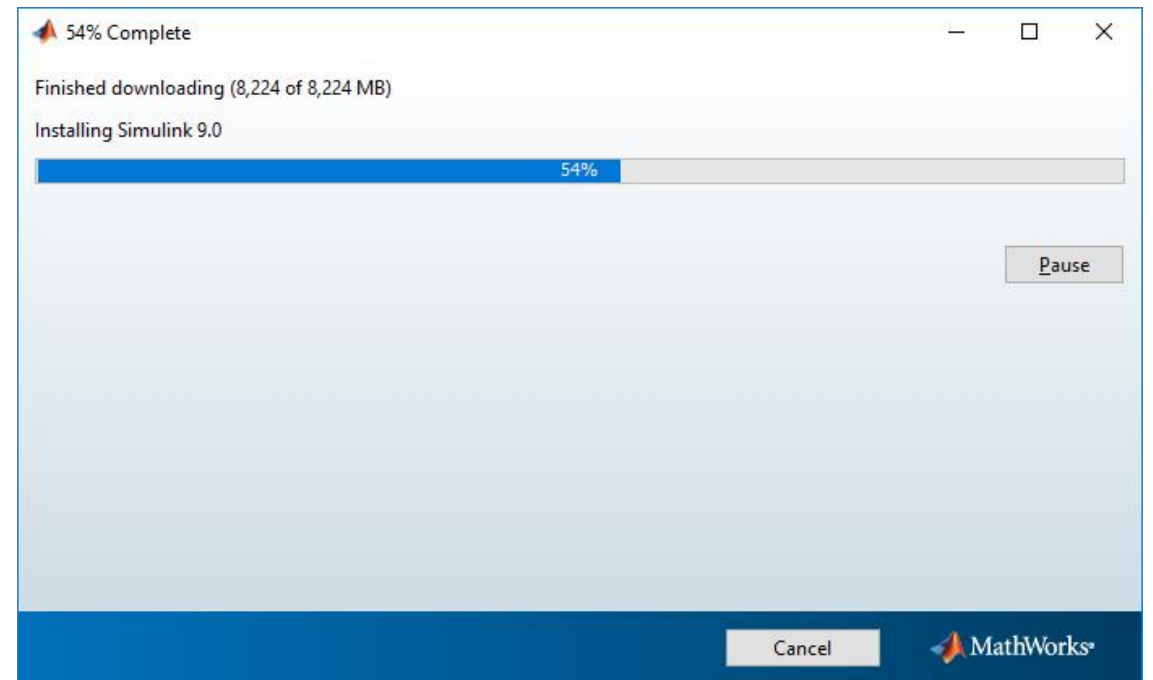

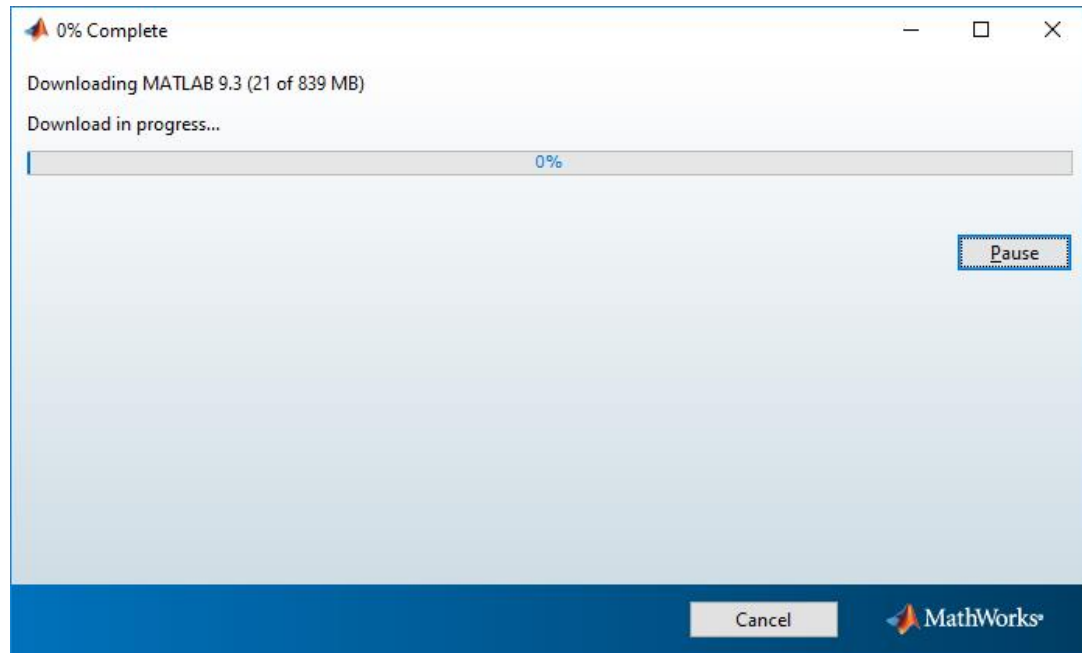

Installing Matlab – Review Selection

- Review the options selected.
- Click “**Install**”.
- **NB:** This particular installation size is over **22GB**. Modify your Toolbox selection to reduce this size.

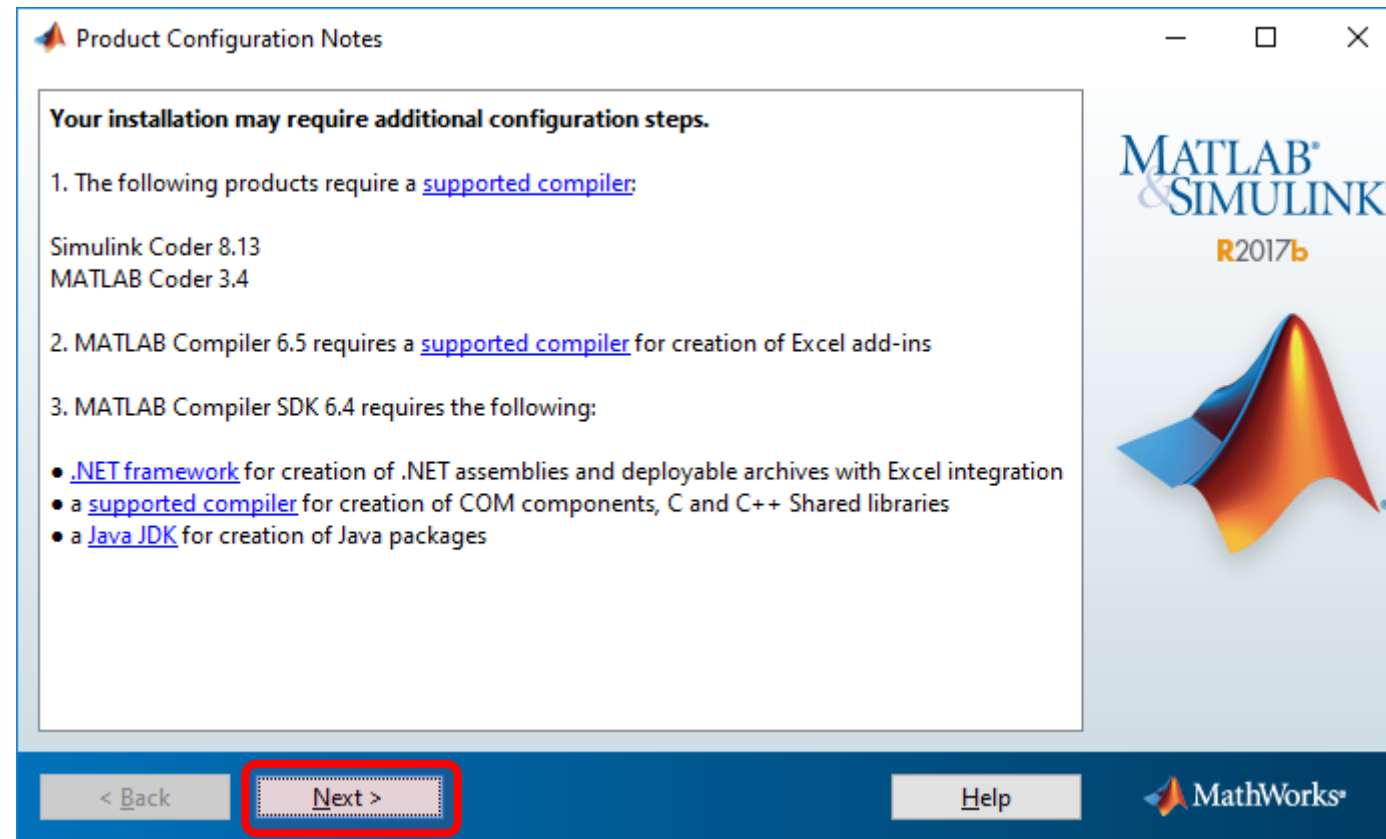

Installing Matlab

- Matlab installation Progress box.
- The installation may take a while, please be patient.

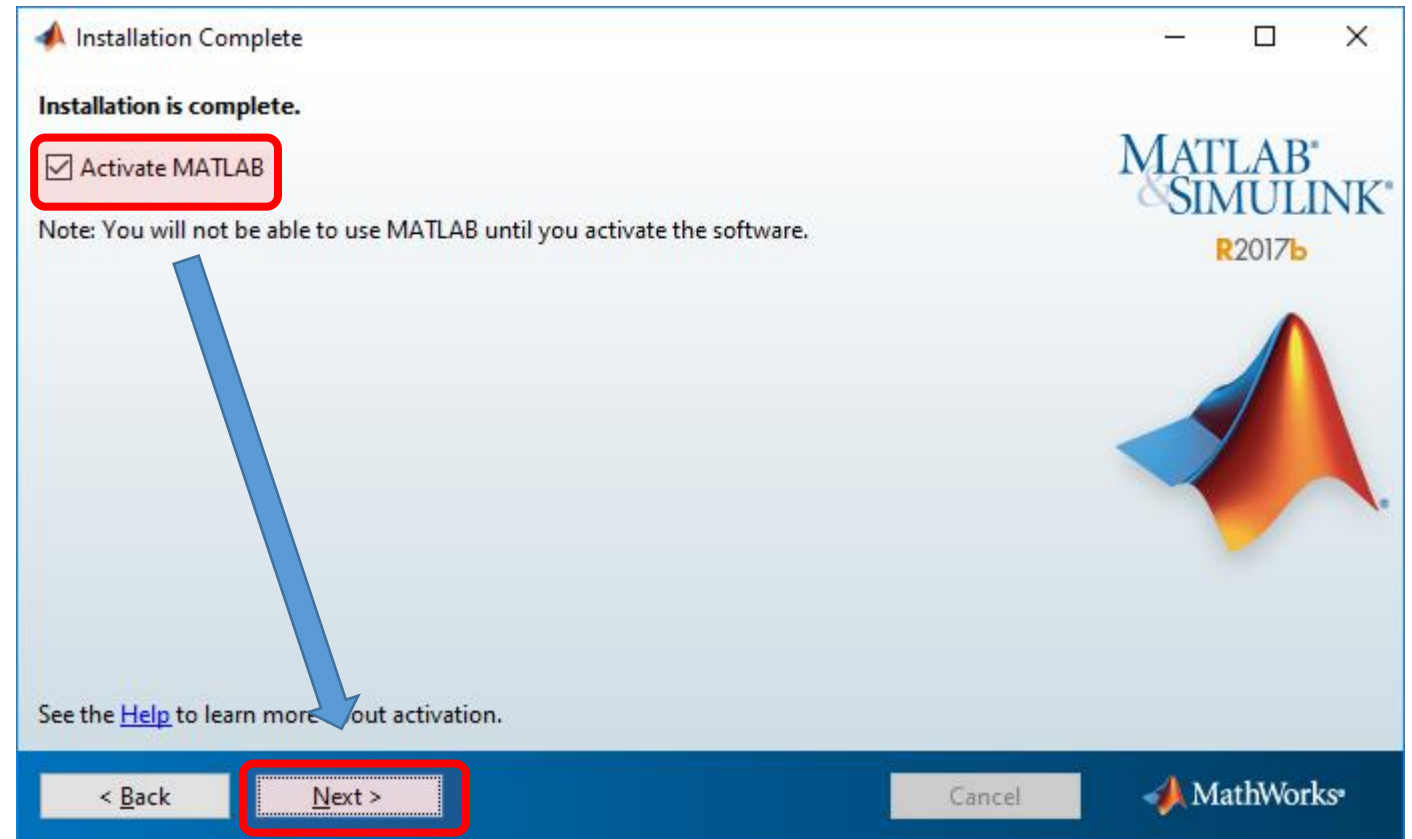

Installing Matlab – Product Configuration

- Click “**Next**”.

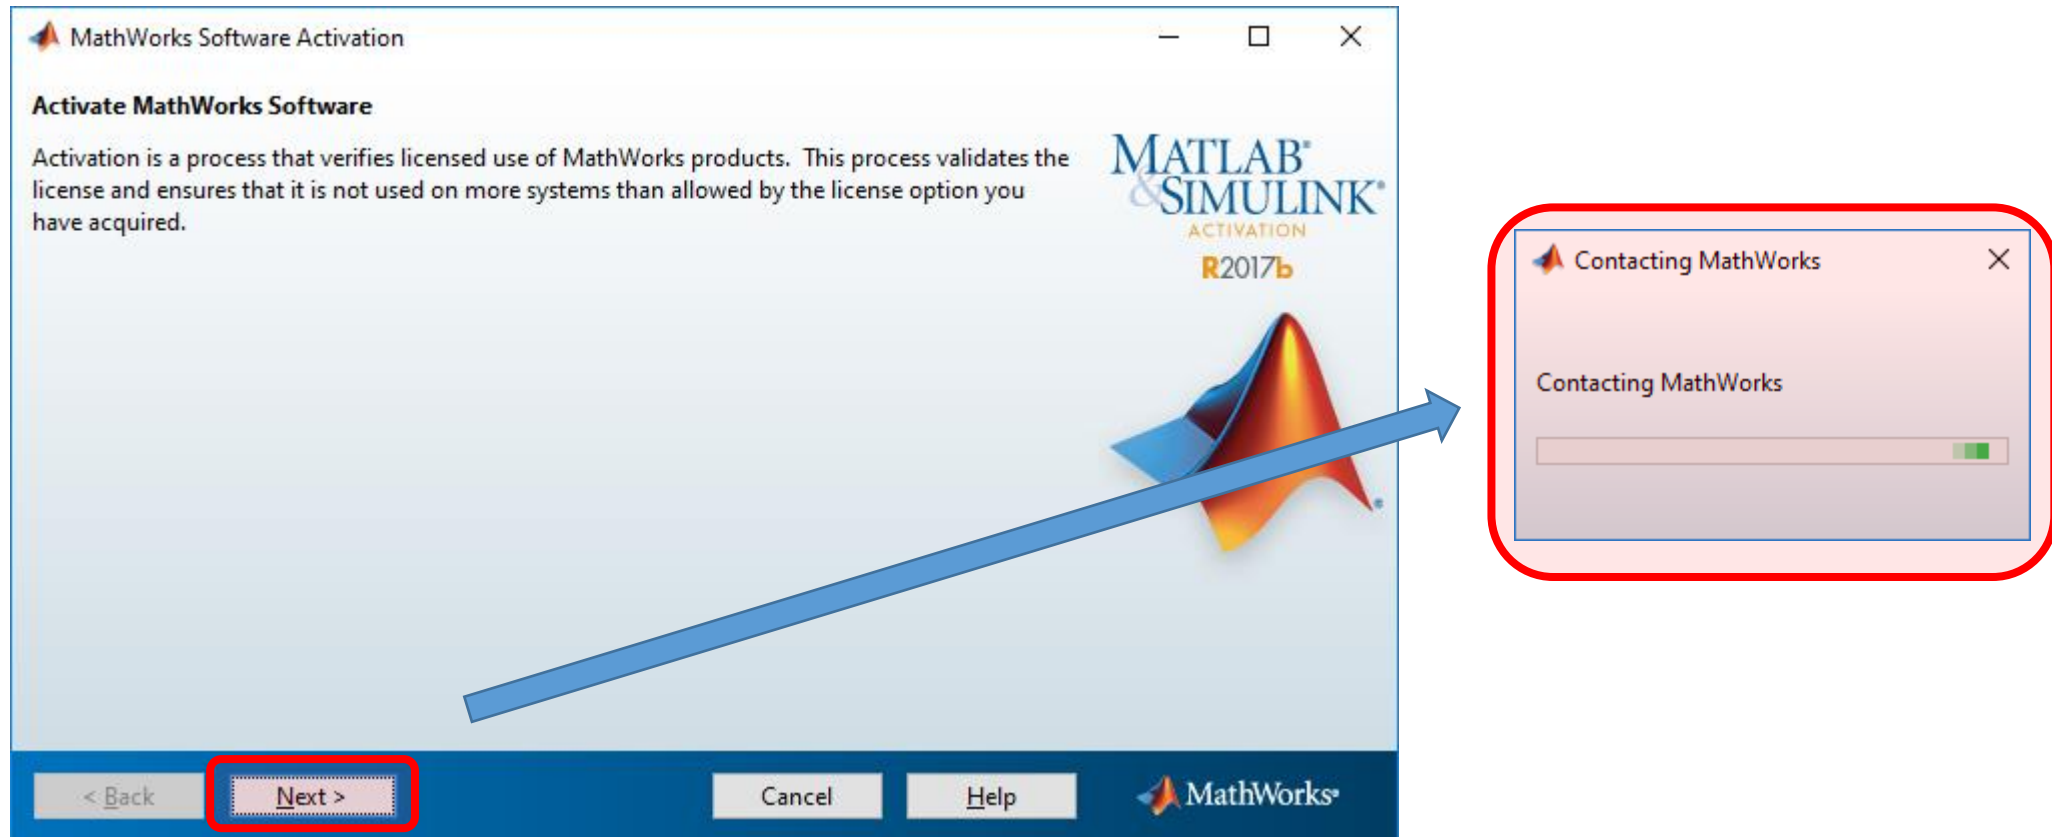

Activate Matlab

- Ensure the **Activate MATLAB** checkbox is checked.
- Click “**Next**”.

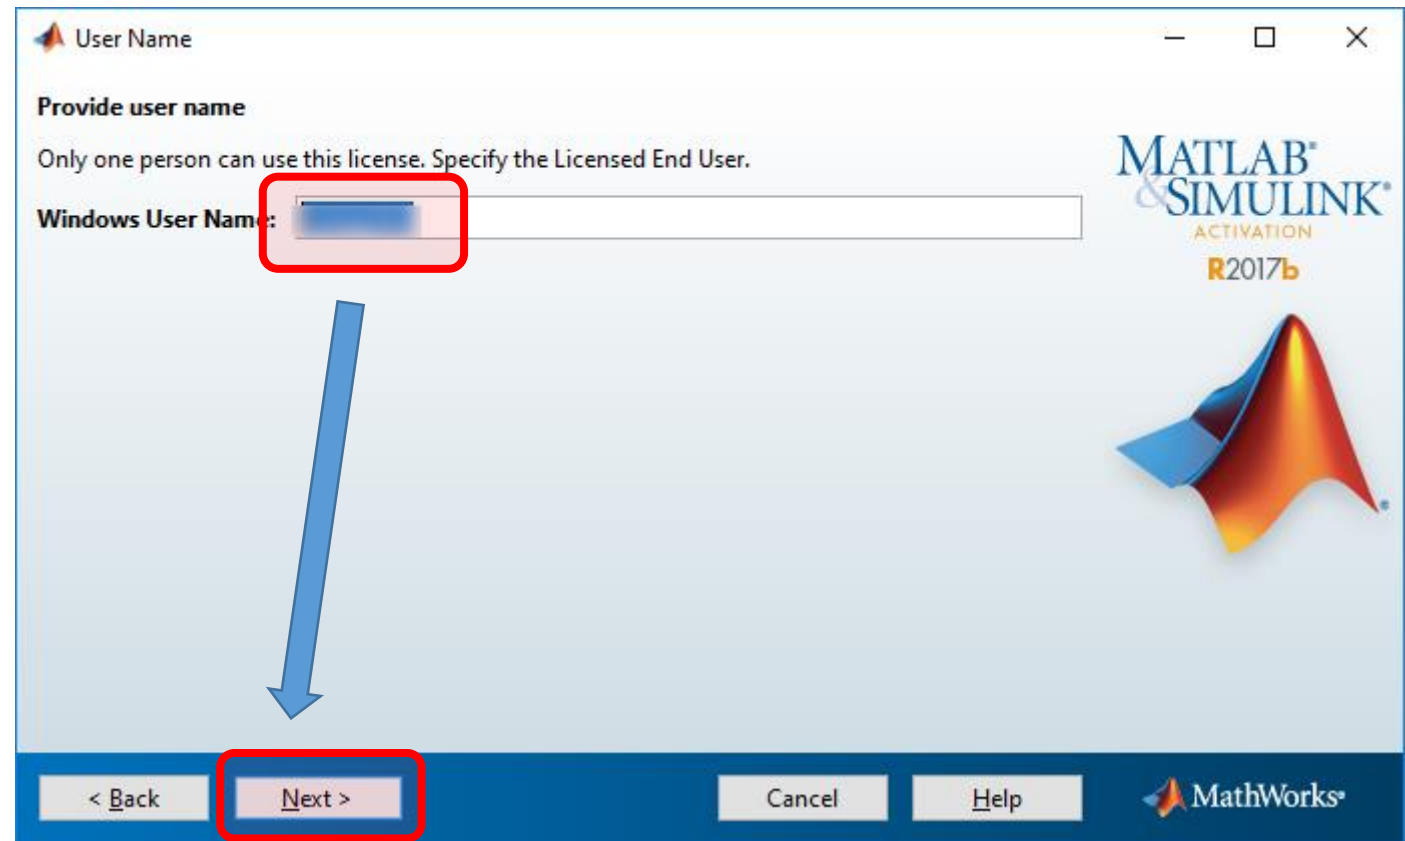

Activate Matlab

- Click **“Next”**.

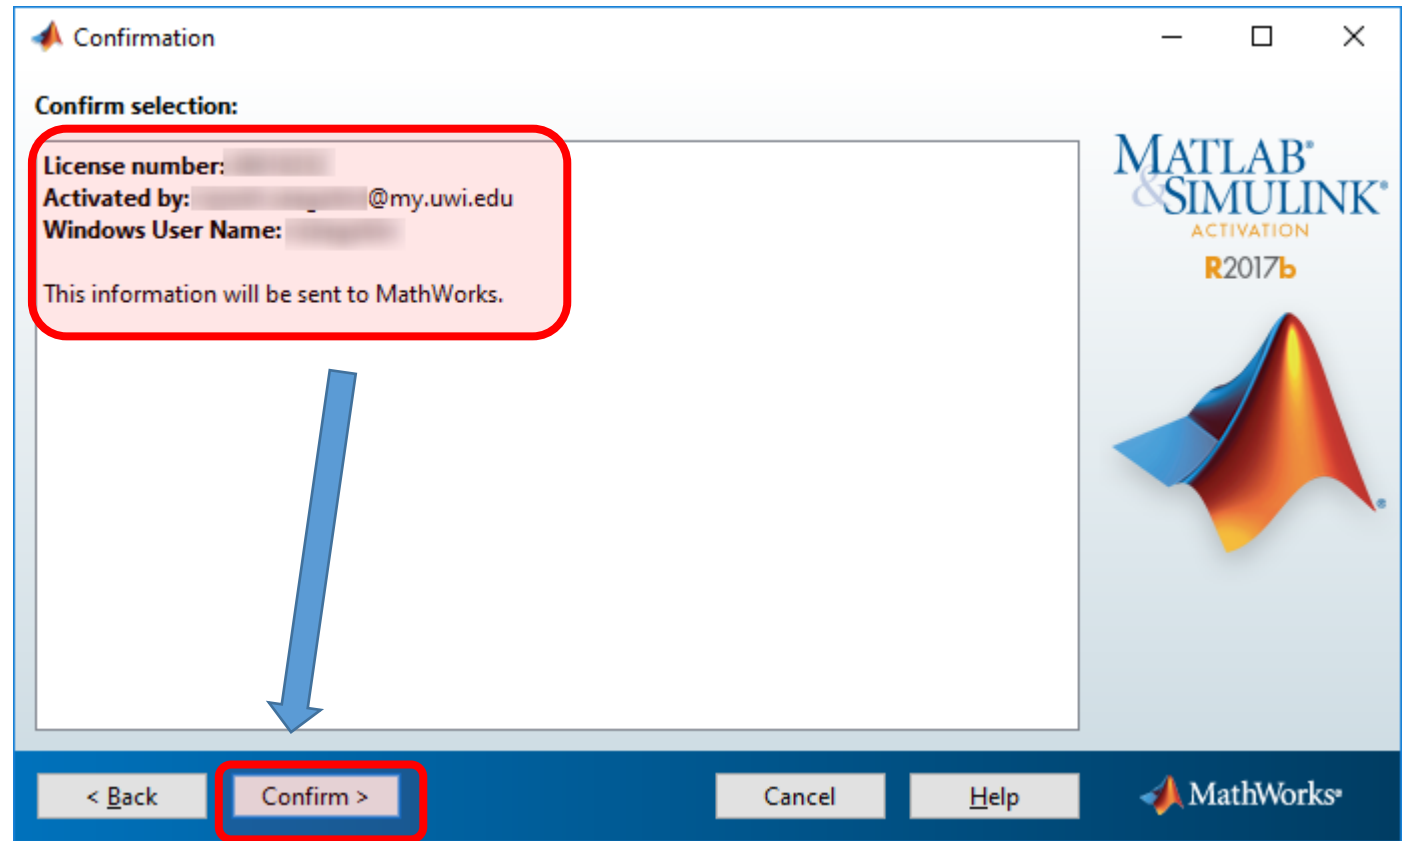

Specify Username to use the software

- In the **Windows User Name:** field enter the username of the user that will be using the software.
- Click “**Next**”.

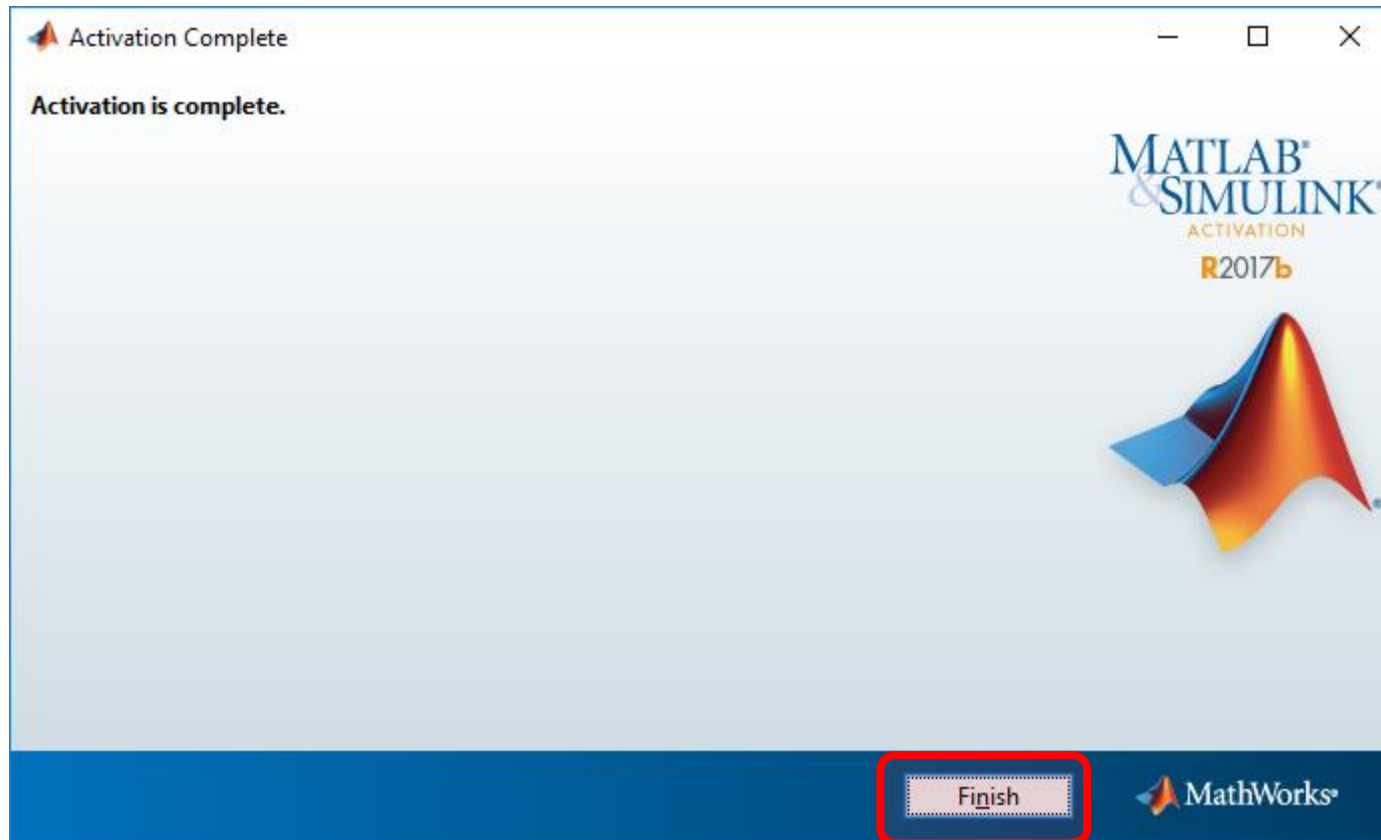

Confirm License

- Click “**Confirm**” to confirm the license details.
- This information will be sent to MathWorks to update your account.

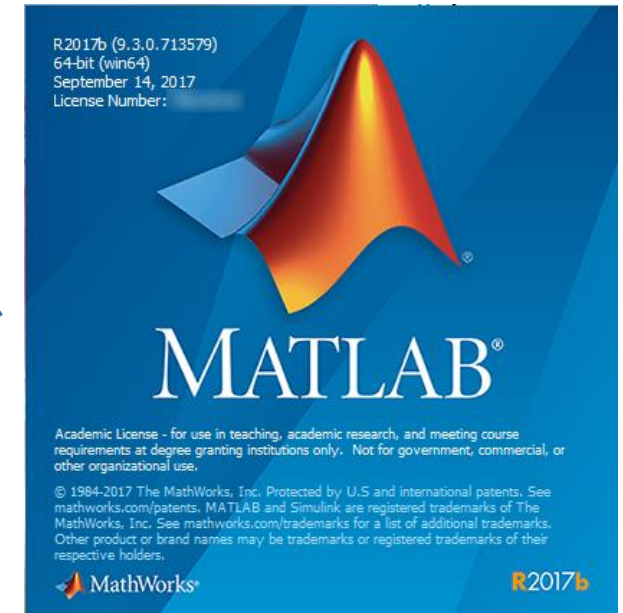

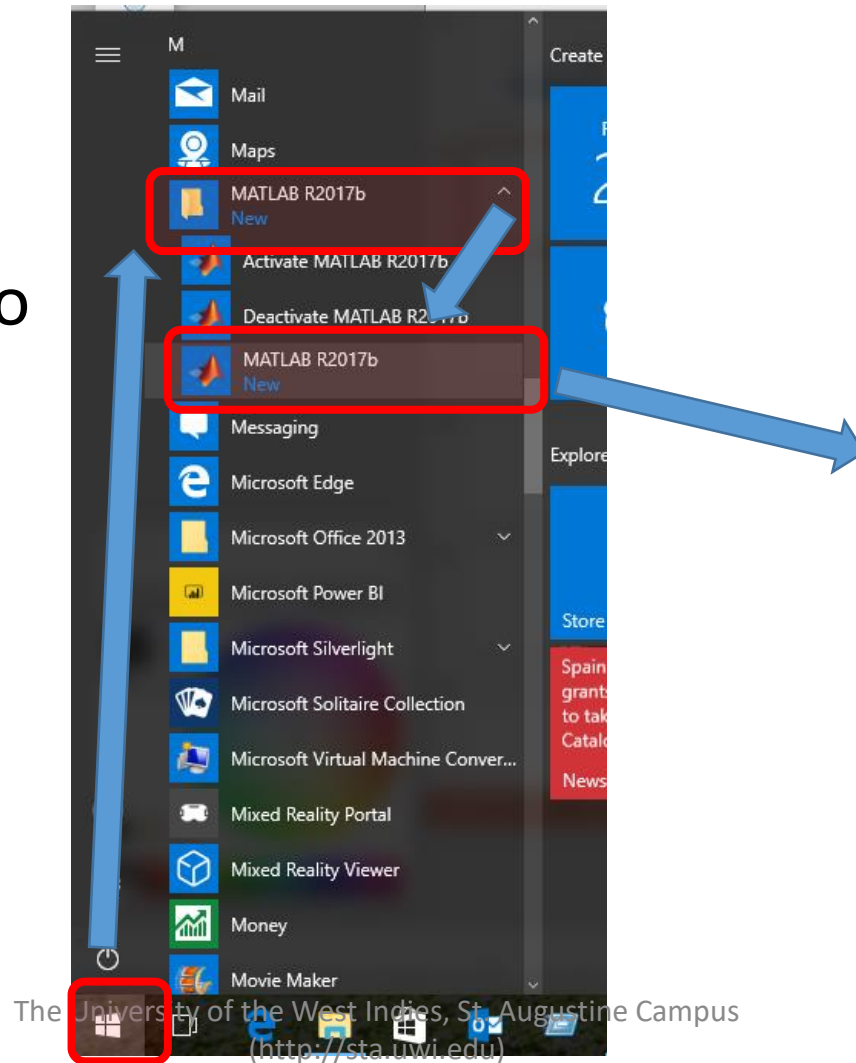

Complete Activation

- Click “**Finish**” to complete installation and activation.

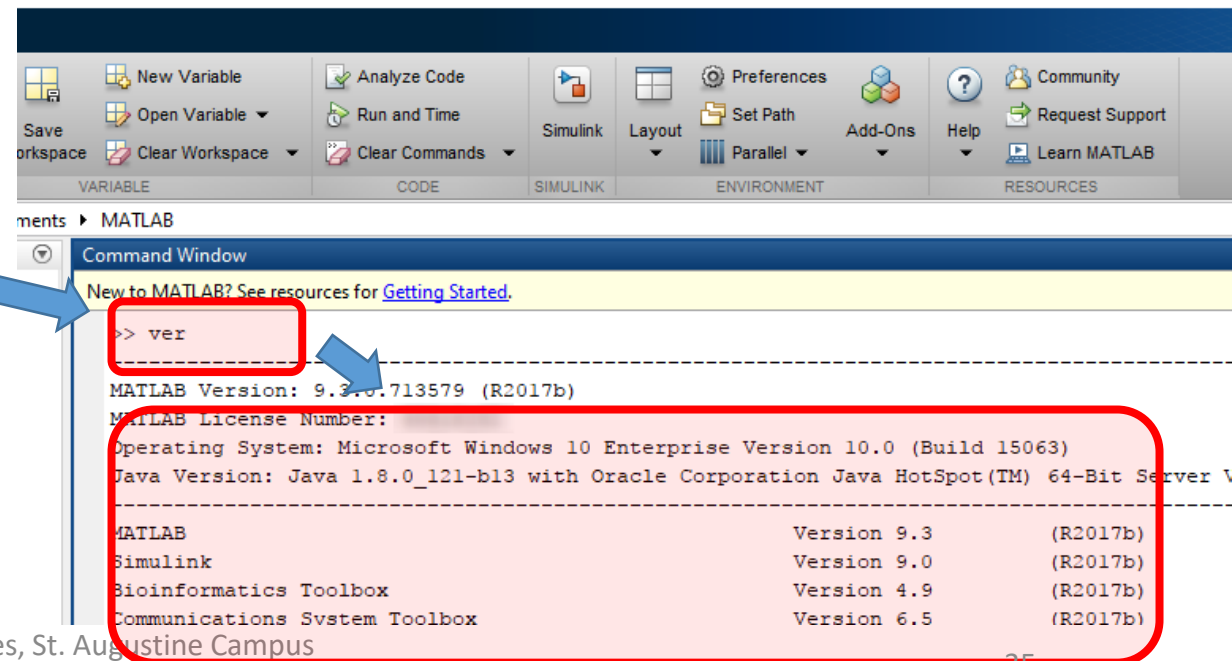

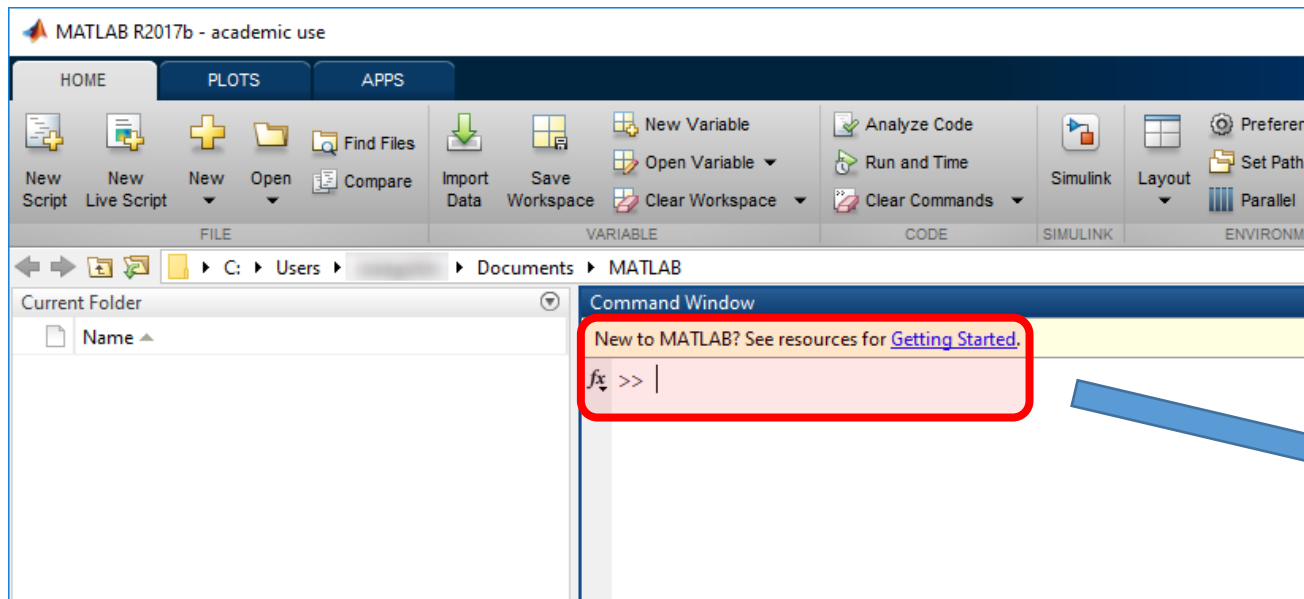

Launch Matlab

- Click “**Start**”.
- Scroll to **M** Category.
- Click the **arrow** next to **MATLAB R2017b**
- Click “**MATLAB R2017b**”.

Matlab Application Window

- In the Matlab Application Window, click next to the `>>` prompt.
- Type “**ver**” then press **Enter** to get a listing of all the toolboxes installed.

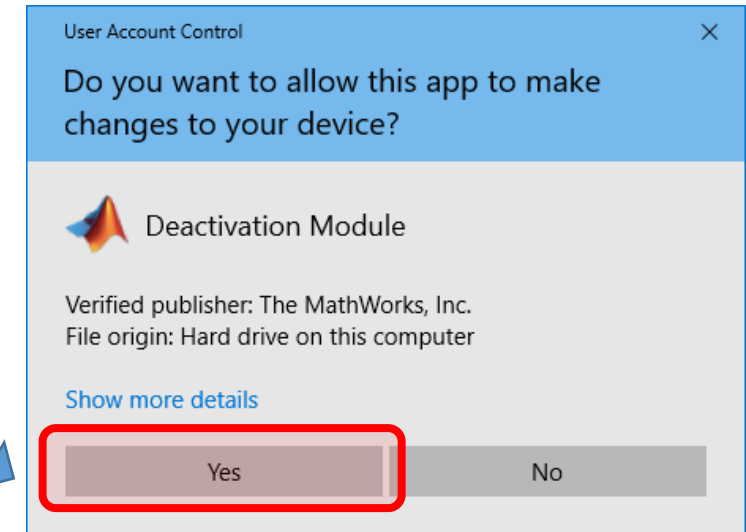

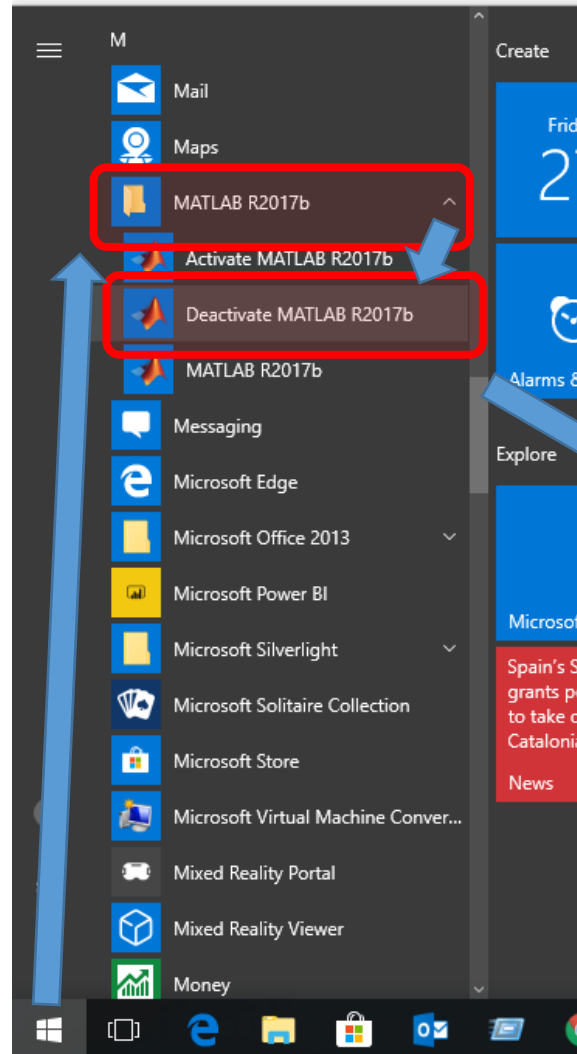

End of Matlab Download and Installation Manual

Deactivating Matlab

- Deactivate Matlab if you are:
 - Removing it from the computer.
 - A new user will be using the software.
- **NB:** You must have an Internet connection to deactivate Matlab.

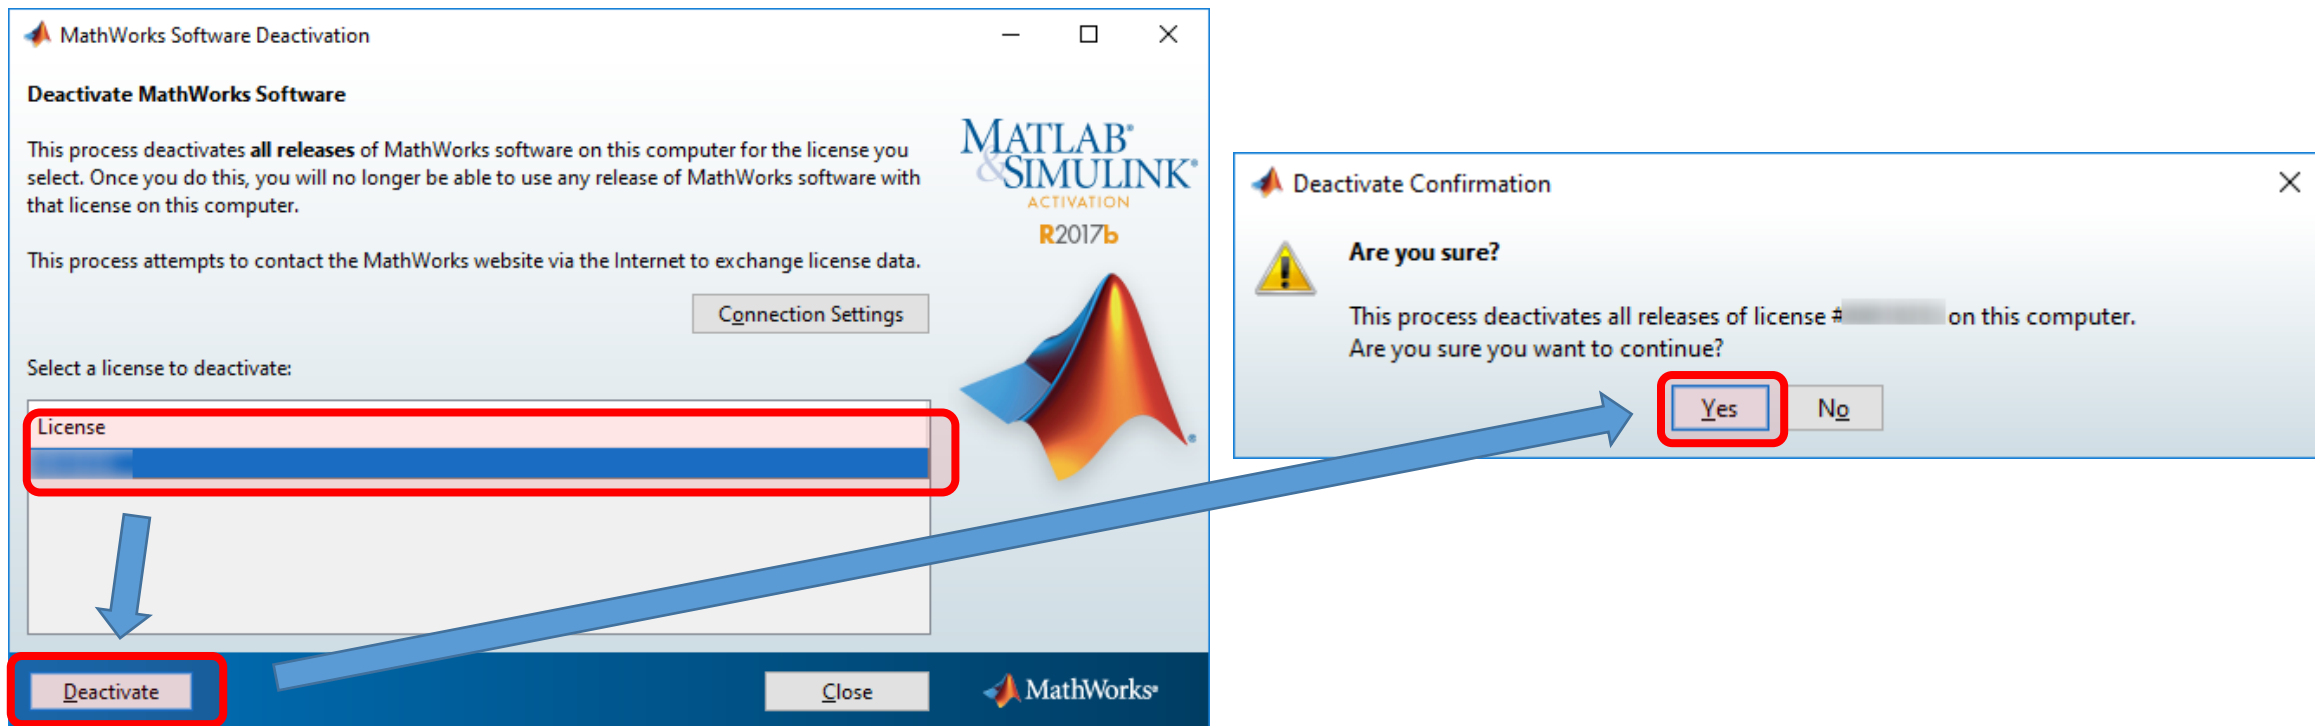

Deactivating Matlab

- Click “**Start**”. 
- Scroll to **M** Category.
- Click the **arrow** next to **MATLAB R2017b**
- Click “**Deactivate MATLAB R2017b**”.
- Click “**Yes**” to the security prompt.

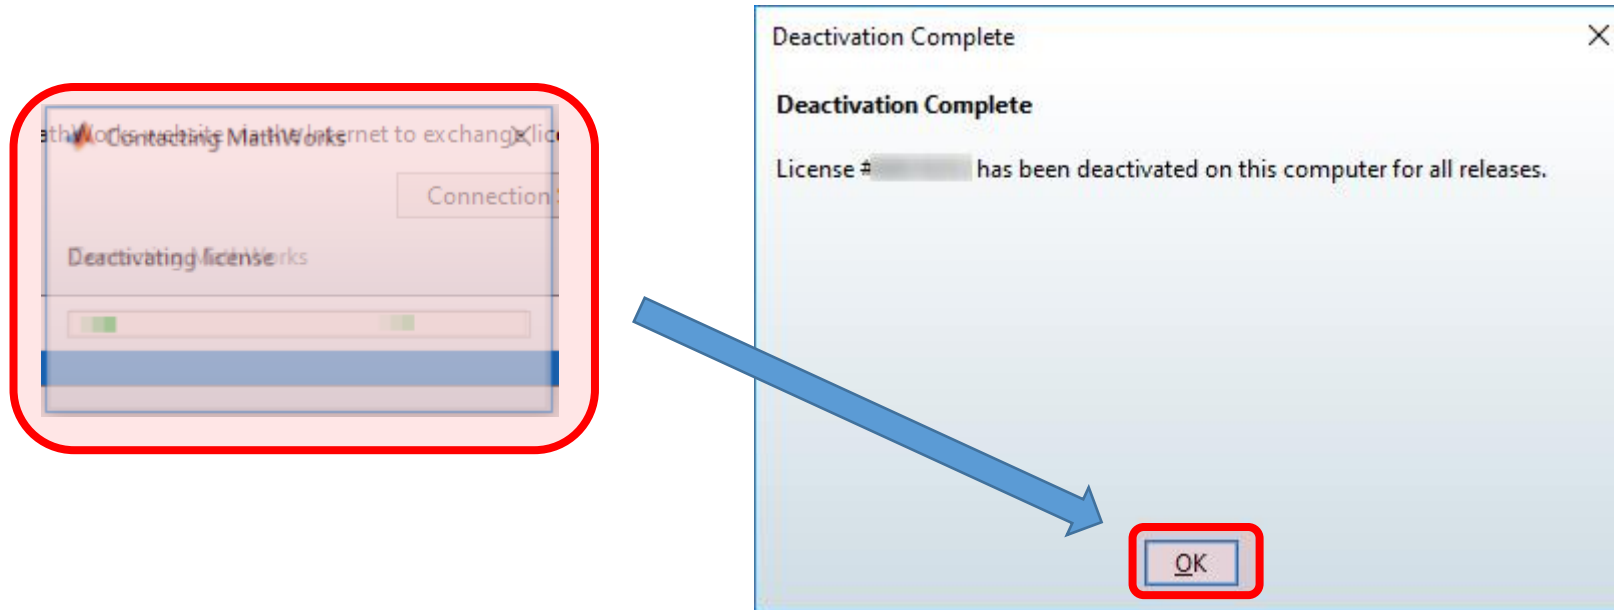

Deactivating Matlab

- Select the license to deactivate.
- Click “**Deactivate**”.
- Click “**Yes**”.

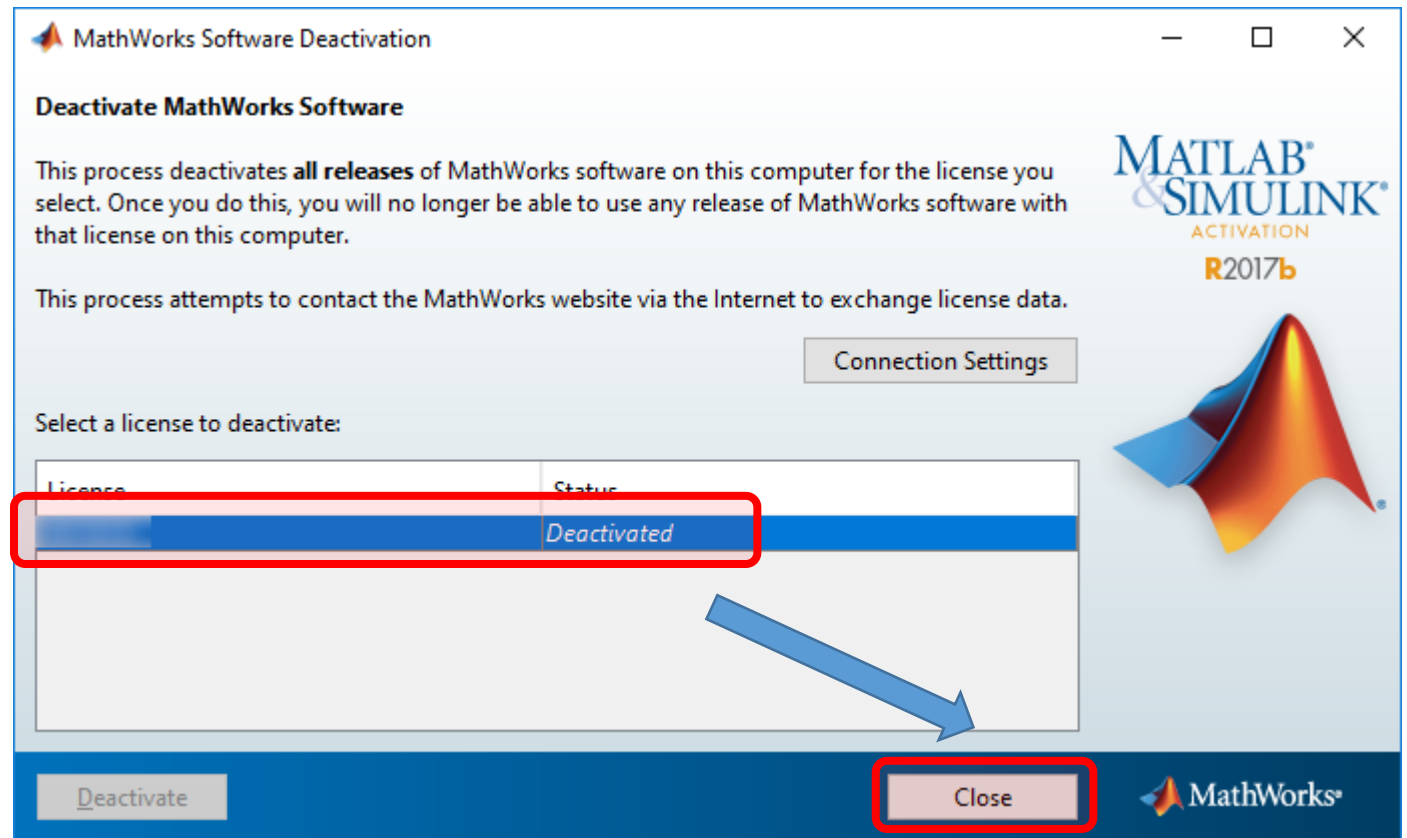

Deactivating Matlab

- Wait for the deactivation process to complete.
- Once completed, click “**Ok**”.

Deactivating Matlab

- The license should state deactivated.
- Click “**Close**”.

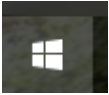

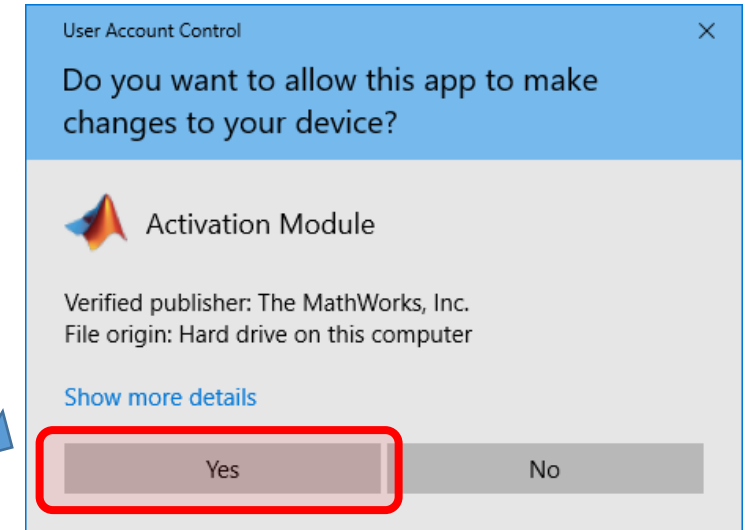

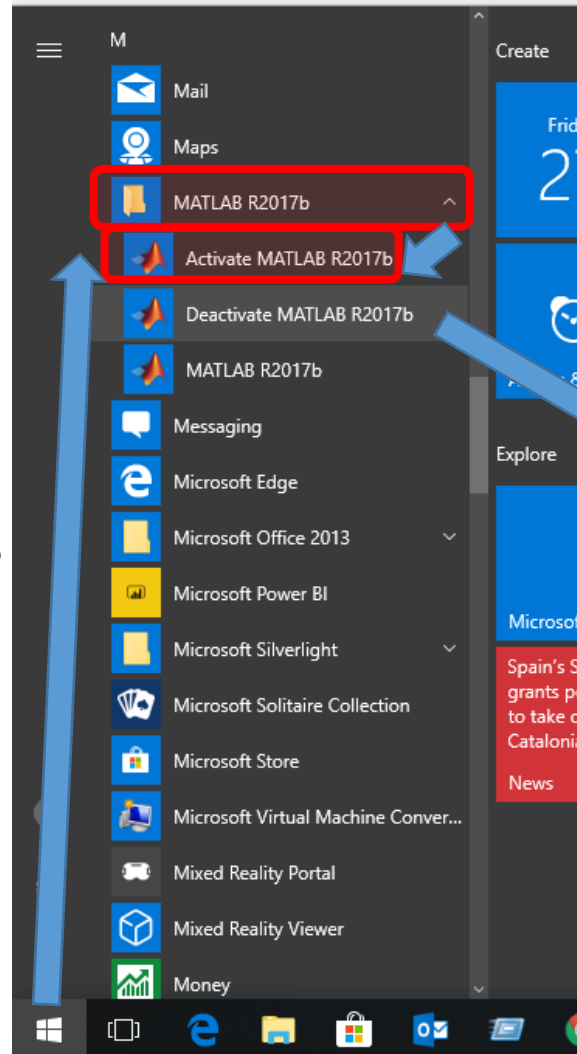

End of Deactivation Manual

(Re-)activating Matlab

- (Re-)activate Matlab if:
 - it's already installed and has been deactivated.
- **NB:** You must have an Internet connection to (re-)activate Matlab.

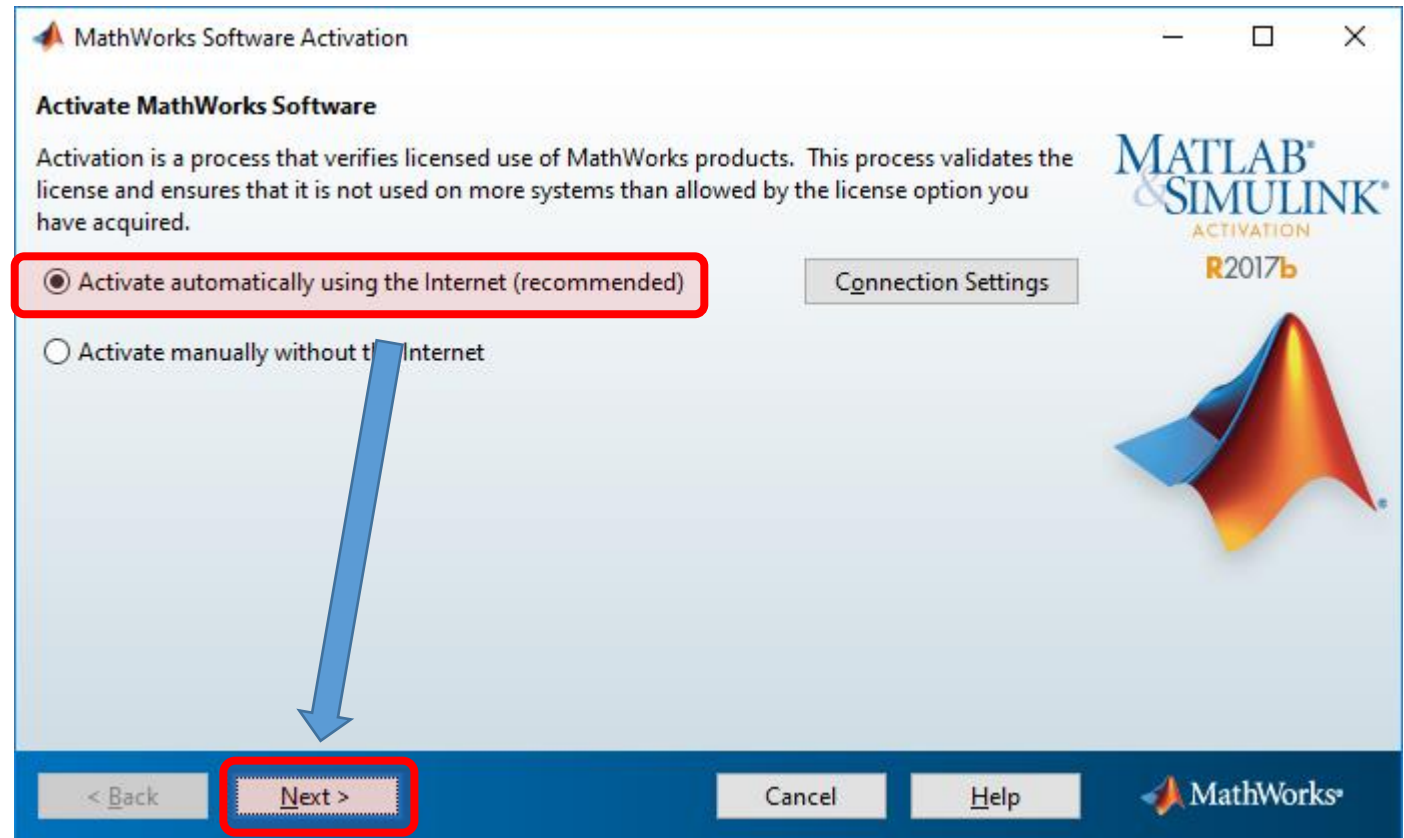

(Re-)activating Matlab

- Click “**Start**”. 
- Scroll to **M** Category.
- Click the **arrow** next to **MATLAB R2017b**
- Click “**Activate MATLAB R2017b**”.
- Click “**Yes**” to the security prompt.

(Re-)activating Matlab – Activate via Internet

- Ensure **Activate automatically using the Internet (recommended)** is selected.
- Click “**Next**”.

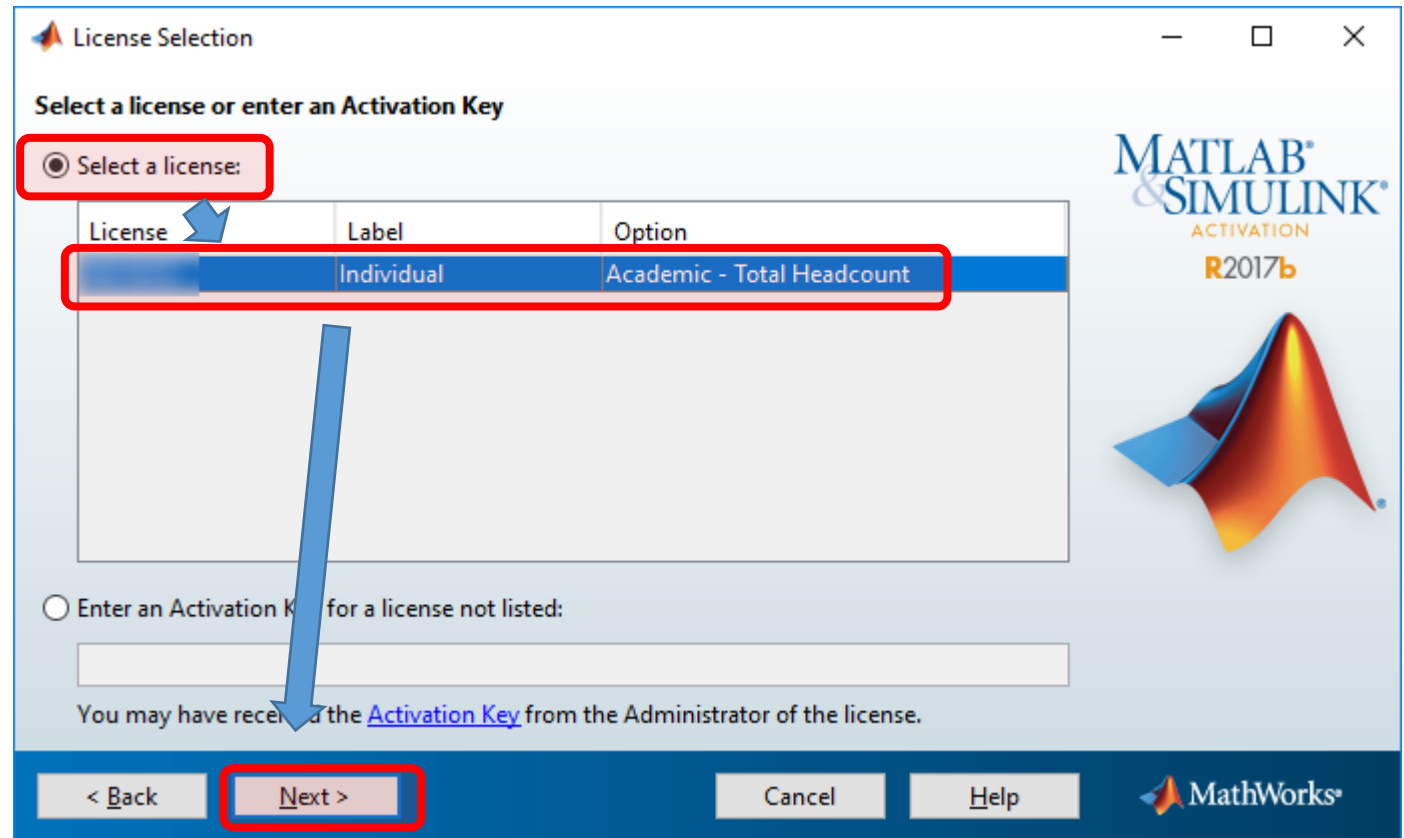

(Re-)activating Matlab – Enter mathWorks Account Details

- Ensure **Log in to my MathWorks Account:** is selected.
- Enter your MathWorks account username and password.
- Click “**Next**”.

The screenshot shows the 'Log in or Provide License File' window for MATLAB & SIMULINK R2017b. The window has a title bar with standard Windows controls. The main content area has a light blue background with the MathWorks logo and a 3D surface plot. The text 'Log in, create an account, or provide your license file' is at the top. Below it, a message states: 'You can use your MathWorks Account to automatically retrieve your license file, or if you already have a license file, you can provide it here.' There are two radio buttons: 'Log in to my MathWorks Account:' (which is selected and highlighted with a red box and a blue arrow) and 'I need to create an Account (requires an Activation Key)'. Below the radio buttons are two text input fields: 'Email Address:' (containing 'John.Doe@my.uwi.edu') and 'Password:' (containing masked characters). Both fields are highlighted with red boxes and blue arrows. There are two links: 'Forgot your password?' (blue text) and 'Enter the full path to your license file, including the file name:' (black text). Below the second link is a text input field and a 'Browse...' button. At the bottom, there are four buttons: '< Back' (disabled), 'Next >' (highlighted with a red box and a blue arrow), 'Cancel', and 'Help'. The MathWorks logo is in the bottom right corner.

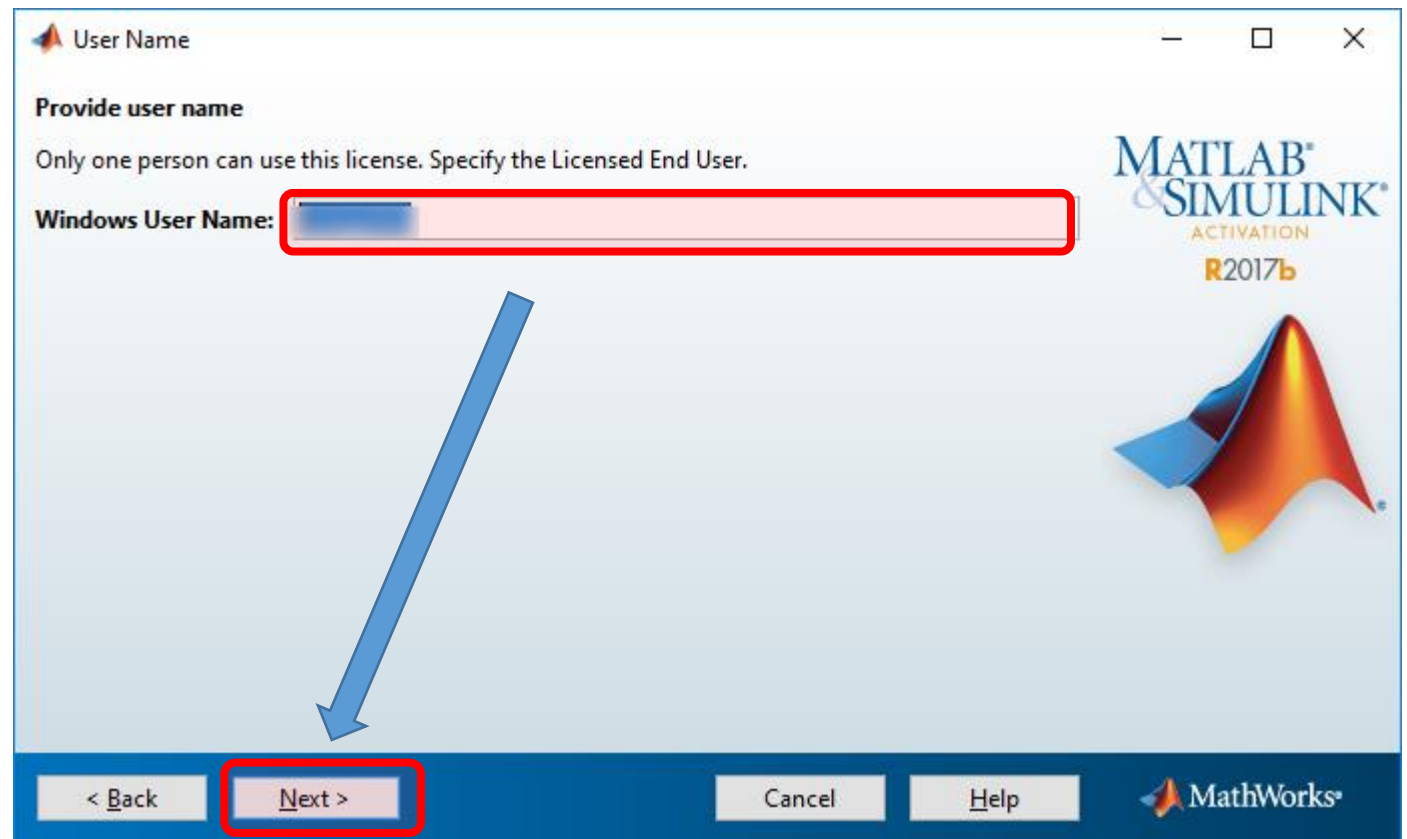

(Re-)activating Matlab – Select License

- Ensure **Select a License** is selected.
- Select the license to be used.
- Click “**Next**”.

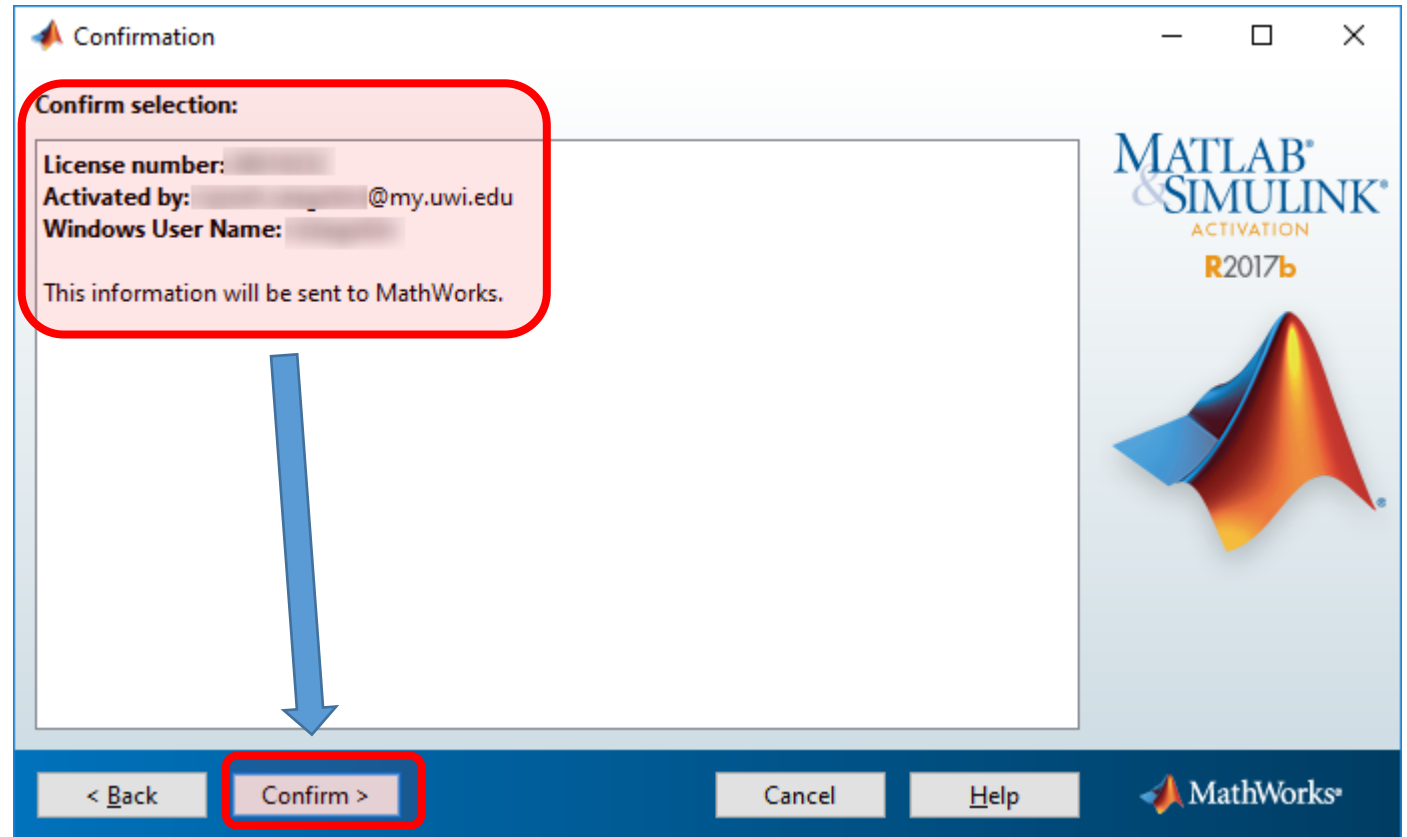

(Re-)activating Matlab – User Details

- In the **Windows User Name:** field enter the username of the user that will be using the software.
 - In this case it should be yourself.
- Click “**Next**”.

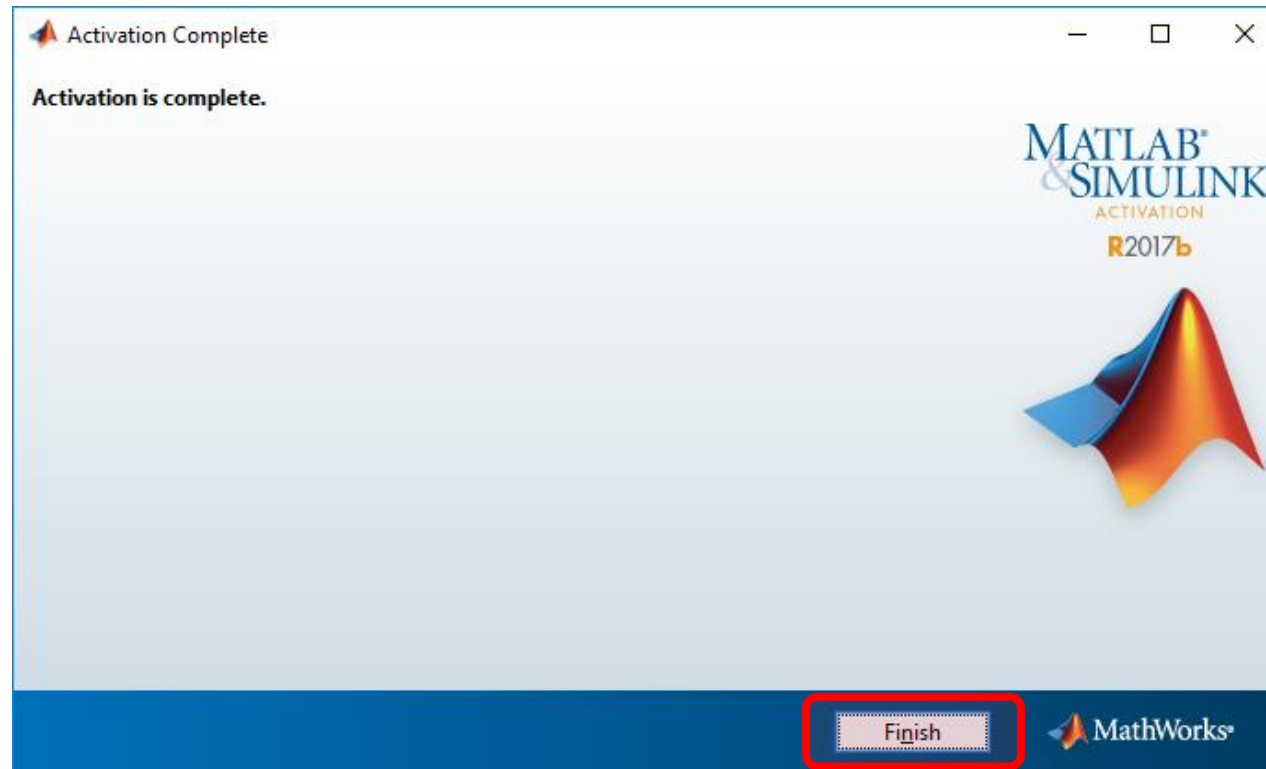

(Re-)activating Matlab – Confirm Activation Details

- Click “**Confirm**” to confirm the license details.
- This information will be sent to MathWorks to update your account.

(Re-)activating Matlab Manual

- Once activation is complete, click “**Finish**”.

End of (Re-)activation Manual
